Brain Injury Waiver (BIW)

The Missouri Department of Health and Senior Services (DHSS) has been approved to implement a Brain Injury Waiver (BIW). The BIW provides service coordination and home and community-based services to MO HealthNet recipients ages 21 to 65 who are living with a traumatic brain injury (TBI). Individuals must require medical care equivalent to the level of care received in a nursing home, not be enrolled in another waiver, and have been diagnosed with a TBI.

DHSS is seeking providers to provide services to the participants. Services include:

- Personal Care
- Applied Behavioral Analysis
- Assistive Technology
- Cognitive Rehabilitation Therapy
- Environmental Access & Modification
- Neuropsychological Evaluation
- Occupational Therapy
- Physical Therapy and Speech Therapy
