Job Analysis: Understanding a New Position and Workplace Culture

Tuesday, August 24th, 2021 from 2:00 PM – 3:00 PM

One of the key metrics for an effective job match for individuals with intellectual and developmental disabilities is the completion of a job analysis by an employment support professional. Participants of this webinar will learn strategies as well as receive resources and tips for completing an effective job analysis. The session will be a blend of instruction and group facilitation to engage participants across the state. Automatic captions will be provided during the session. Please email Jessica.keenoy@umb.edu with questions or accommodation requests.

[Registration](#) is required.

Employment First Missouri, a collaborative between the Division of Developmental Disabilities and the Institute for Community Inclusion at University of Massachusetts-Boston, offers monthly professional development opportunities.
