Monitoring Guidance for Support Coordinators

The [Monitoring Guidance for Support Coordinators](#) COVID-19 guidance document has been updated to extend approval for modified monitoring guidance through November 30, 2021. No other changes have been made.

"To balance the health and welfare of individuals as well as reduce the footprint and help manage COVID -19 spread, the Division of Developmental Disabilities is extending approval for modified monitoring in all counties across the state through at least **November 30, 2021**, as Missouri is experiencing high levels of community transmission of COVID-19 throughout the state."
