1 "Heike Johns" (2246213120)

00:00:00.000 --> 00:00:07.680

Started in just a minute, you'll see that. We're mixing it up a little bit this morning and going forward.

2 "Heike Johns" (2246213120)

00:00:07.680 --> 00:00:22.375

This is hiker John's and normally it's my name that you see on the screen, but cat has graciously offered up to be our official behind the scenes magician. So going forward you will see that.

3 "Heike Johns" (2246213120)

00:00:22.375 --> 00:00:23.515

It will be her name.

4 "Heike Johns" (2246213120)

00:00:23.880 --> 00:00:34.830

That will show up on the screen and any registration communication will come from her. So don't be surprised when you see that going for where you are still in the right spots.

5 "Heike Johns" (2246213120)

00:00:34.830 --> 00:00:38.430

So, quick reminder as I usually do, um.

6 "Heike Johns" (2246213120)

00:00:38.430 --> 00:00:41.490

If you have questions something that you want to share.

7 "Heike Johns" (2246213120)

00:00:41.490 --> 00:00:54.360

Please do not send that to the host. Please send that to all panelists so that we can make sure the right folks see that question and we can address that. And with that, I am going to turn it over to Jeff.

8 "Jessica Bax" (1286699520)

00:00:57.060 --> 00:01:02.310

Hey, good morning. Everyone and happy Friday.

9 "Jessica Bax" (1286699520)

00:01:02.310 --> 00:01:11.820

Uh, thanks for joining us for the monthly call and have a few updates to share with you today and just so we can avoid any rumors. I did.

10 "Jessica Bax" (1286699520)

00:01:11.820 --> 00:01:16.800

Um, message hiker and confirm that I could attend this call.

11 "Jessica Bax" (1286699520)

00:01:16.800 --> 00:01:22.110

I used talk to text as most of us to and.

12 "Jessica Bax" (1286699520)
00:01:22.110 --> 00:01:26.130
Talk to text told her that I would be on the alcohol.

13 "Jessica Bax" (1286699520)
00:01:26.130 --> 00:01:29.970
So, not on the alcohol I'm on the all call.

14 "Jessica Bax" (1286699520)
00:01:29.970 --> 00:01:33.240
Um, so.

15 "Jessica Bax" (1286699520)
00:01:33.240 --> 00:01:41.250
Some updates regarding budget 1st, the department did submit the 24 budget requests, and that's posted online.

16 "Jessica Bax" (1286699520)
00:01:41.250 --> 00:01:49.260
In that you will see some supplemental request items, you'll see department wide contract staff.

17 "Jessica Bax" (1286699520)
00:01:49.260 --> 00:01:53.250
For the remainder of this year and that is.

18 "Jessica Bax" (1286699520)
00:01:53.250 --> 00:02:03.300
Um, really something we've talked quite a bit about, um, publicly in terms of the department in it direct care facilities, but it's on the state.

19 "Jessica Bax" (1286699520)
00:02:03.300 --> 00:02:14.575
Psychiatric hospital side, and the DB, health center side are experiencing staffing shortages much to the same degree as the, our community providers.

20 "Jessica Bax" (1286699520)
00:02:14.605 --> 00:02:25.435
And so we are utilizing contracted staff to fill those holes. And so there will be a supplemental request for that. Um.

21 "Jessica Bax" (1286699520)
00:02:25.800 --> 00:02:34.410
As well, as an overtime request right now, and that always looks a little different if you're if you're in that budget request and looking at it.

22 "Jessica Bax" (1286699520)
00:02:34.410 --> 00:02:39.750
It's usually submitted in as a 1 dollar over time.

23 "Jessica Bax" (1286699520)
00:02:39.750 --> 00:02:43.890

Request and that's because it's nearly impossible.

24 "Jessica Bax" (1286699520)

00:02:43.890 --> 00:02:57.270

Probably just literally impossible to project what overtime will be when you're putting that information together in September to know where you're going to be at the end of June. So that will have an estimate.

25 "Jessica Bax" (1286699520)

00:02:57.270 --> 00:03:02.760

In it that keeps being updated as we get further and further into the year.

26 "Jessica Bax" (1286699520)

00:03:02.760 --> 00:03:09.270

There is 3.4Million general revenue for this year supplemental request.

27 "Jessica Bax" (1286699520)

00:03:09.270 --> 00:03:16.650

Uh, for the BD provider release fund transfer, and this is the.

28 "Jessica Bax" (1286699520)

00:03:16.650 --> 00:03:22.830

Provide a release funds that came down with kerasoft funding and.

29 "Jessica Bax" (1286699520)

00:03:22.830 --> 00:03:31.620

Um, it was available to direct care providers and so the division did receive that funding for our state operated waiver site.

30 "Jessica Bax" (1286699520)

00:03:31.620 --> 00:03:43.260

And it was just put into the wrong fund within the budget. So the division doesn't have the actual ability to spend from that fund. So, this is a transfer.

31 "Jessica Bax" (1286699520)

00:03:43.260 --> 00:03:49.680

I have a fund transfer of that funding to a fund where we can pull from, um.

32 "Jessica Bax" (1286699520)

00:03:49.680 --> 00:03:57.120

Little technicality there that may throw people off to think that, you know, we need 3.4Million dollars. It's just moving the authority to the right place.

33 "Jessica Bax" (1286699520)

00:03:57.120 --> 00:04:03.810

And the other thing is that there is some moving expenses for 89,000. um.

34 "Jessica Bax" (1286699520)

00:04:03.810 --> 00:04:11.850

A small amounts, but it's part of a really large effort and that is our effort, every conceptualization, and making sure that.

35 "Jessica Bax" (1286699520)
00:04:11.850 --> 00:04:20.695
dmhc is operating in a way that we are meeting the gaps in the highest needs in the States.

36 "Jessica Bax" (1286699520)
00:04:21.115 --> 00:04:30.445
And right now we know that we have individuals who are on the behavioral health side, backed up in jail settings a long waiting list.

37 "Jessica Bax" (1286699520)
00:04:30.899 --> 00:04:39.839
In terms of being able to receive care and treatment and a state psychiatric hospital and then in the, um.

38 "Jessica Bax" (1286699520)
00:04:39.839 --> 00:04:45.719
Universe we have a large number of individuals who are.

39 "Jessica Bax" (1286699520)
00:04:45.719 --> 00:04:52.469
Boarding and hospitals also, children, boarding and hospitals and so this is all part of.

40 "Jessica Bax" (1286699520)
00:04:52.469 --> 00:04:56.219
That small piece is part of our much larger efforts.

41 "Jessica Bax" (1286699520)
00:04:56.219 --> 00:05:01.439
To utilize space and staffing throughout the States.

42 "Jessica Bax" (1286699520)
00:05:01.439 --> 00:05:08.699
Um, at some of our state habilitation centers and state operated sites to ensure that we can.

43 "Jessica Bax" (1286699520)
00:05:08.699 --> 00:05:21.144
Um, when we have the ability to hire staff, take those in crisis within the community boarding at the hospitals, and maybe temporarily provide care for those who have received treatment,

44 "Jessica Bax" (1286699520)
00:05:21.144 --> 00:05:34.374
no longer required care in a state psychiatric hospital for all of those individuals not on the long term basis, but as long as needed to ensure that a community provider is available to serve them. So that is.

45 "Jessica Bax" (1286699520)
00:05:34.649 --> 00:05:45.839

In the supplemental in the new decision item, request portion of the 24 5, this is just a department request at this time. We have.

46 "Jessica Bax" (1286699520)
00:05:45.839 --> 00:05:51.749

Quite a few things, and we have our utilization increase, which is the, the number of.

47 "Jessica Bax" (1286699520)
00:05:51.749 --> 00:05:55.619

Individuals coming into services, based on kind of the.

48 "Jessica Bax" (1286699520)
00:05:55.619 --> 00:06:04.649

Who's been coming in recently our projected increase in the growth of the number of slots needed for our waivers. So, on the home side, it's the.

49 "Jessica Bax" (1286699520)
00:06:04.649 --> 00:06:11.639

An anticipated growth of 1140 individuals, so that would be for the.

50 "Jessica Bax" (1286699520)
00:06:11.639 --> 00:06:18.269

3 non and 445 for the comprehensive flavor.

51 "Jessica Bax" (1286699520)
00:06:18.269 --> 00:06:22.649

Anticipated to come in and 24 at this point, based on.

52 "Jessica Bax" (1286699520)
00:06:22.649 --> 00:06:31.949

On the data that we have, and then that is also increases in care plans for individuals who are currently within the waivers. We break those 2 things out now.

53 "Jessica Bax" (1286699520)
00:06:31.949 --> 00:06:45.329

So, total for the utilization would be a 117.4Million as a new decision item request and then we have several pickup items and.

54 "Jessica Bax" (1286699520)
00:06:45.329 --> 00:06:50.939

They are all related back to the use of the.

55 "Jessica Bax" (1286699520)
00:06:50.939 --> 00:06:56.759

Htps enhanced stuff map funds so those funds were, um.

56 "Jessica Bax" (1286699520)
00:06:56.759 --> 00:07:03.989

1 time zones that the state burned, and they, they were appropriated in order to.

57 "Jessica Bax" (1286699520)

00:07:03.989 --> 00:07:11.669

Um, make sure we are using that funding while it was able to be sent in a way that was able to be spent, had to be used to.

58 "Jessica Bax" (1286699520)

00:07:11.669 --> 00:07:19.709

Um, enhance and expand htbs and states and so we have a pick up to get.

59 "Jessica Bax" (1286699520)

00:07:19.709 --> 00:07:28.529

The ongoing funding for all of those 1 time funding sources. So all of them were, all of these items were intended to be ongoing and.

60 "Jessica Bax" (1286699520)

00:07:28.529 --> 00:07:38.849

Um, they were just using that 1 time funding to make sure that it was sent and exhausted before that the general revenue pickup came in. So that would be rate standardization.

61 "Jessica Bax" (1286699520)

00:07:38.849 --> 00:07:46.439

For in total of 264,000,000.

62 "Jessica Bax" (1286699520)

00:07:46.439 --> 00:07:50.339

The value based payment of 60,000,000.

63 "Jessica Bax" (1286699520)

00:07:50.339 --> 00:07:57.089

And htbs enhancements for 14.3Million, those would all be the pickup. Um.

64 "Jessica Bax" (1286699520)

00:07:57.684 --> 00:08:12.624

And then not included in the department requests that some people may be wondering about is 2 different things that we've been talking about, that we will, we're still gathering information on finalizing.

65 "Jessica Bax" (1286699520)

00:08:13.014 --> 00:08:27.954

Numbers, so those 2 things are the rate study refresh. We anticipate a finalized rate study in December and the DB health home, and we anticipate having finalized draft of that ready in November.

66 "Jessica Bax" (1286699520)

00:08:27.954 --> 00:08:29.274

So more to come on that.

67 "Jessica Bax" (1286699520)

00:08:31.224 --> 00:08:44.394

Other updates, we did get our appendix K approval. What that means in layman's terms is that we can pay the rates back to the date that they were actually.

68 "Jessica Bax" (1286699520)

00:08:44.729 --> 00:08:52.319

Approved so we had our approval for the waiver amendment, which allowed the rate to.

69 "Jessica Bax" (1286699520)

00:08:52.319 --> 00:09:03.809

Be increased as of October 1st, and for those that change methodology and in the large amount of increased funding that came in during the last legislative session and.

70 "Jessica Bax" (1286699520)

00:09:03.809 --> 00:09:07.529

That that meant that providers.

71 "Jessica Bax" (1286699520)

00:09:07.529 --> 00:09:13.529

Could start billing at the new rate effective October 1st, but we were really waiting on.

72 "Jessica Bax" (1286699520)

00:09:13.529 --> 00:09:20.219

What we call an appendix K authority to go back and pay providers with different.

73 "Jessica Bax" (1286699520)

00:09:20.219 --> 00:09:24.539

Between the old rates and the new.

74 "Jessica Bax" (1286699520)

00:09:24.539 --> 00:09:33.419

Higher rate for July 1st, through the end of September. So we do have approval to do that now and are in the process and our in community.

75 "Jessica Bax" (1286699520)

00:09:33.419 --> 00:09:37.349

Teams are in communication with providers about that, um.

76 "Jessica Bax" (1286699520)

00:09:37.349 --> 00:09:44.999

The value based payment waiver amendment is still.

77 "Jessica Bax" (1286699520)

00:09:44.999 --> 00:09:50.669

Moving along, and we actually have our 15 day call with, um.

78 "Jessica Bax" (1286699520)

00:09:50.669 --> 00:09:57.119

We, that was submitted about 15 days ago, because we have our call 15 day call, which is.

79 "Jessica Bax" (1286699520)

00:09:57.119 --> 00:10:05.639

To check in to make sure there's nothing big. That is a major issue, but we just have an informal review prior to we don't expect.

80 "Jessica Bax" (1286699520)
00:10:05.639 --> 00:10:09.509
That to be anything major that we have that this week. So.

81 "Jessica Bax" (1286699520)
00:10:09.509 --> 00:10:23.999
And we should know more then we are also working through the partnership for hope, and the 3 children with developmental disabilities, waver renewals. Those will be in 24.

82 "Jessica Bax" (1286699520)
00:10:23.999 --> 00:10:30.389
Um, and so lots of stuff going on in the waiver world. Um.

83 "Jessica Bax" (1286699520)
00:10:30.774 --> 00:10:41.304
The value based payment website has been updated with quite a bit of information and it will be probably in the next 2 weeks updated with quite a bit more.

84 "Jessica Bax" (1286699520)
00:10:41.604 --> 00:10:47.304
Um, we're working on the recording systems and a also kind of an easy charts.

85 "Jessica Bax" (1286699520)
00:10:47.399 --> 00:10:52.499
That breaks down, um, all of the value based payment incentives into.

86 "Jessica Bax" (1286699520)
00:10:52.499 --> 00:10:57.239
Um, kind of a 1 pager, so people can get an overlook at overview of.

87 "Jessica Bax" (1286699520)
00:10:57.239 --> 00:11:06.809
The value based payment system and what might apply to them broken out by provider type eligible for each payment.

88 "Jessica Bax" (1286699520)
00:11:06.809 --> 00:11:12.179
And so within that, so we also have that project we will have.

89 "Jessica Bax" (1286699520)
00:11:12.179 --> 00:11:24.389
Um, reporting platforms to red cap, um, so very similar to the provider notice provider communication portal that came out, um, very easy web form and we anticipate.

90 "Jessica Bax" (1286699520)
00:11:24.389 --> 00:11:28.829
We have drafts and so we'll have provider testing periods and.

91 "Jessica Bax" (1286699520)

00:11:28.829 --> 00:11:32.819
That we expect our value based payment.

92 "Jessica Bax" (1286699520)
00:11:32.819 --> 00:11:40.229
Ad hoc committee to probably start testing in the middle of November, um,
in order to have those ready.

93 "Jessica Bax" (1286699520)
00:11:40.229 --> 00:11:54.899
The next steps for the rate study, refresh the next stakeholder meeting
mark. Your calendar is November 10 and we need to make sure we get lots
of.

94 "Jessica Bax" (1286699520)
00:11:54.899 --> 00:12:00.359
Good feedback on that that 1 and so.

95 "Jessica Bax" (1286699520)
00:12:00.359 --> 00:12:06.449
If you have a time that is going to be recorded, but make sure you watch
it kind of.

96 "Jessica Bax" (1286699520)
00:12:06.449 --> 00:12:13.079
It's soon as possible because we'll be requesting feedback on that by
November 30th.

97 "Jessica Bax" (1286699520)
00:12:13.079 --> 00:12:20.579
So, we'll have incorporated feedback from the 1st stakeholder call to
incorporate and feedback on the wages and.

98 "Jessica Bax" (1286699520)
00:12:20.579 --> 00:12:24.029
Um, um, and then we will have.

99 "Jessica Bax" (1286699520)
00:12:24.029 --> 00:12:28.289
The sorry, for acronyms, employee, related expenses.

100 "Jessica Bax" (1286699520)
00:12:28.289 --> 00:12:41.994
And then this call will also have kind of a draft of the market data on
administrative expenses. And so There'll be opportunities to provide
feedback on both of those things until the end of November.

101 "Jessica Bax" (1286699520)
00:12:41.994 --> 00:12:48.804
So I know how busy everyone's schedule gets. And I know that it's kind of
a quick turnaround to make sure that we get everything ready for.

102 "Jessica Bax" (1286699520)
00:12:49.109 --> 00:12:56.039

The end of December, so our advice has been to kind of block off maybe.

103 "Jessica Bax" (1286699520)

00:12:56.039 --> 00:13:04.979

Some time after November, 10th, and before the end of the month to work on gathering that feedback from from your provider agency.

104 "Jessica Bax" (1286699520)

00:13:04.979 --> 00:13:18.149

I appreciate that other updates make sure if you have not yet. We have a lot of great speakers coming to the alliance for dual diagnosis summit. That is free to attend. Is.

105 "Jessica Bax" (1286699520)

00:13:18.149 --> 00:13:21.479

November 9th in Colombia, um.

106 "Jessica Bax" (1286699520)

00:13:21.479 --> 00:13:24.959

For most of the day, like a 9 0 to 330.

107 "Jessica Bax" (1286699520)

00:13:24.959 --> 00:13:31.589

And really have some, some great speakers. Dr constantino coming back from Georgia.

108 "Jessica Bax" (1286699520)

00:13:31.589 --> 00:13:37.709

And he's going to be our keynote, and we have a lot of great information on, um.

109 "Jessica Bax" (1286699520)

00:13:37.709 --> 00:13:41.459

For both our behavior, health providers and our.

110 "Jessica Bax" (1286699520)

00:13:41.459 --> 00:13:44.729

Db providers and partners in.

111 "Jessica Bax" (1286699520)

00:13:44.729 --> 00:13:53.039

How to best serve communicate with take care of ensure the right stuff? All the individuals who have a dual diagnosis.

112 "Jessica Bax" (1286699520)

00:13:53.039 --> 00:13:56.639

So, we were looking forward to that coming out.

113 "Jessica Bax" (1286699520)

00:13:56.639 --> 00:14:06.359

And with that, I will go ahead and turn it over to our next speaker and wish all of you a happy Friday.

114 "Holly Reiff" (773248512)

00:14:10.919 --> 00:14:23.879

Good morning everyone this is Holly rife with the team and I'm very excited to announce our very.

115 "Holly Reiff" (773248512)

00:14:23.879 --> 00:14:32.039

1st success story surrounding assistive technology remote supports.

116 "Holly Reiff" (773248512)

00:14:32.039 --> 00:14:38.429

Or health assessment and coordination so I am proud to introduce Tammy Meyer.

117 "Holly Reiff" (773248512)

00:14:38.429 --> 00:14:44.519

Who is the parent of an individual who's currently using on medication administration system, which.

118 "Holly Reiff" (773248512)

00:14:44.519 --> 00:14:53.069

Um, you guys aren't are know that's 1 of our newer technologies available through our HPD waivers. So, Tammy, I'll let you on mute and.

119 "Holly Reiff" (773248512)

00:14:53.069 --> 00:14:58.349

And take it from here, thank you.

120 "Tammy Mayer" (882130688)

00:14:58.349 --> 00:15:04.409

I'm hoping everybody can hear me. My name is Tammy. Mayor. I have an adult.

121 "Tammy Mayer" (882130688)

00:15:05.184 --> 00:15:10.584

2007 years old, and he's pretty high functioning, but he can sometimes be, um, forgetful.

122 "Tammy Mayer" (882130688)

00:15:10.584 --> 00:15:21.654

Our next stage in life is to get him to be more independent and possibly being able to stay in our home after my husband and I are gone. i are gone

123 "Tammy Mayer" (882130688)

00:15:22.079 --> 00:15:28.619

And so we're working with our, uh, with Brenda, uh, on.

124 "Tammy Mayer" (882130688)

00:15:28.619 --> 00:15:33.029

Every thing that we can find and use, that helps achieve that goal.

125 "Tammy Mayer" (882130688)

00:15:33.029 --> 00:15:38.814

And 1 of the areas where we struggled was, um, medications, Matt would forget,

126 "Tammy Mayer" (882130688)
00:15:38.844 --> 00:15:51.144

we'd always have to remind him we had those little pillbox dispensers where we'd sort through a week's worth of pills am and PM or 2 weeks worth of pills. And we'd have to sit on the counter for him.

127 "Tammy Mayer" (882130688)
00:15:51.774 --> 00:16:01.824

So, I don't know if a lot of, you know, about the hero medicine dispenser at the time when we went through the process, even the person that was working with us.

128 "Tammy Mayer" (882130688)
00:16:02.454 --> 00:16:15.564

Through I think it was arc or Brenda would have to tell me who it was through. They hadn't even heard of it. So I do have a video. I don't know if I can share it with you.

129 "Tammy Mayer" (882130688)
00:16:15.804 --> 00:16:18.504

I'm trying to figure out how to share screens here.

130 "Tammy Mayer" (882130688)
00:16:18.839 --> 00:16:28.499

The hero medicine dispenser is electronic, and you can put up the 12 pills 30 days supply each.

131 "Tammy Mayer" (882130688)
00:16:28.499 --> 00:16:41.244

In this dispenser, and you have in here all application on your phone, and you can load the types of medicines in there. And I really wish I knew how to share this screen.

132 "Tammy Mayer" (882130688)
00:16:41.274 --> 00:16:44.634

It says share does anybody is anybody there that can help me.

133 "Holly Reiff" (773248512)
00:16:44.969 --> 00:16:49.169

Um, the show is grayed out.

134 "Holly Reiff" (773248512)
00:16:49.169 --> 00:16:54.389

I'm sorry. Oh, SH, it's it's a great app. Okay. I think I can help you. Let me.

135 "Tammy Mayer" (882130688)
00:16:56.459 --> 00:17:10.499

Because this is an amazing machine, and I want to make sure that if people haven't seen it, I have a 40th video that shows you exactly how it works. And then I have a few screenshots of the application on the phone.

136 "Tammy Mayer" (882130688)
00:17:13.409 --> 00:17:19.949
I don't know if you have to okay. Great. Hold on. Let me see if I can get to the screen that has it.

137 "Tammy Mayer" (882130688)
00:17:19.949 --> 00:17:23.309
Bear with me, I'm not real good at this.

138 "Tammy Mayer" (882130688)
00:17:23.309 --> 00:17:29.939
So, can you see the video.

139 "Holly Reiff" (773248512)
00:17:32.789 --> 00:17:36.929
I see the file, but it's not open yet. Okay. Hold on.

140 "Tammy Mayer" (882130688)
00:17:41.819 --> 00:17:47.369
I'm so sorry and now I've disappeared.

141 "Tammy Mayer" (882130688)
00:17:55.439 --> 00:17:59.489
Holly, can you tell me how to get this back to a large screen?

142 "Holly Reiff" (773248512)
00:17:59.489 --> 00:18:05.729
So, I can see your computer screen. Um, right now you're in a folder.

143 "Holly Reiff" (773248512)
00:18:05.729 --> 00:18:10.799
That says common issues and I see you hovering over the.

144 "Holly Reiff" (773248512)
00:18:10.799 --> 00:18:15.239
The video, I'm not sure if you can write that out from there.

145 "Holly Reiff" (773248512)
00:18:15.239 --> 00:18:20.549
Can you see the video now? It's no, I still see the file.

146 "Holly Reiff" (773248512)
00:18:21.629 --> 00:18:25.919
So, if you've got 2 screens going, it's probably showing on your other screen.

147 "Holly Reiff" (773248512)
00:18:40.169 --> 00:18:46.019
Okay, you see screen 1 now yes. And this is your Cisco Webex screen.

148 "Tammy Mayer" (882130688)
00:18:46.019 --> 00:18:51.389
Okay, now, can you see the video.

149 "Holly Reiff" (773248512)
00:18:52.589 --> 00:18:55.739
I am looking at.

150 "Holly Reiff" (773248512)
00:18:55.739 --> 00:18:59.789
We are looking at your change unlimited.

151 "Holly Reiff" (773248512)
00:18:59.789 --> 00:19:13.044
Um, information, and if you want, you can, um,

152 "Holly Reiff" (773248512)
00:19:13.254 --> 00:19:20.934
send us the video or send me the video and I can have cat include it
when, um, this webinar is posted.

153 "Holly Reiff" (773248512)
00:19:21.239 --> 00:19:25.979
Um, to our website to.

154 "Tammy Mayer" (882130688)
00:19:25.979 --> 00:19:31.649
Okay, well the machine itself, you push a button so if.

155 "Tammy Mayer" (882130688)
00:19:31.649 --> 00:19:45.504
If, uh, Max at home, the machine makes a chiming noise and that reminds
the participant to take the medicine. So they walk in and they press a
dispenser button and it, it spins around within the machine.

156 "Tammy Mayer" (882130688)
00:19:45.504 --> 00:19:56.844
And it dispenses either, uh, whatever dosage you programmed into the
application on your phone. So, in the morning, he takes 6 medications and
it will, um.

157 "Tammy Mayer" (882130688)
00:19:57.209 --> 00:20:05.249
Uh, dispense all 6 of those medications and when it's done, he removes
the pill.

158 "Tammy Mayer" (882130688)
00:20:05.754 --> 00:20:19.554
A bottle at the bottom, the little pill cup, and he takes those pills and
sits it back in there. And then the machine programs that to be to
dispense the next medication, which is the, like, 6 o'clock at night. So
he doesn't have to do anything.

159 "Tammy Mayer" (882130688)
00:20:19.554 --> 00:20:21.084
The machine reminds him.

160 "Tammy Mayer" (882130688)
00:20:21.359 --> 00:20:31.254
We haven't programmed into the application and it tells him it dispenses
it tells us what medications he's taken if he's taken his last dose.

161 "Tammy Mayer" (882130688)
00:20:31.584 --> 00:20:42.804
If the medication is running low in the machine it tells you, it's time
to order it. And so it's, it's just an awesome piece of machinery and,
you know, we're.

162 "Tammy Mayer" (882130688)
00:20:43.109 --> 00:20:53.249
We have found success with him, he'll come home from work and see the red
light, fast flashing and he'll say, oh, I need to take my meds and he'll
push the dispense button.

163 "Tammy Mayer" (882130688)
00:20:53.249 --> 00:20:57.779
And that stuff he would never do before, we always had to get the pills
out.

164 "Tammy Mayer" (882130688)
00:20:58.584 --> 00:21:11.934
Put them in the cup for him to take and then, you know, make sure he took
them. So, on your application, it will show if the medicine was
dispensed, it'll show off the medicine was skipped because you can skip
the medication.

165 "Tammy Mayer" (882130688)
00:21:11.964 --> 00:21:21.714
If you're, uh, like, if he's not home, and he's at my daughter's house,
we can skip the dose being dispensed but, um, you can tell if they
dispensed it. And.

166 "Tammy Mayer" (882130688)
00:21:22.049 --> 00:21:32.309
If they remove the cup to take it now, you can't tell if they actually
did it. But at that point in time, I think they probably would most most
adults probably would.

167 "Tammy Mayer" (882130688)
00:21:32.664 --> 00:21:46.794
So, I have I also have photos that I took screenshots of the app to show
you exactly what it shows you in there and how you can program it. So,
unfortunately, I'm sorry I'm not good at this.

168 "Tammy Mayer" (882130688)
00:21:46.794 --> 00:21:49.494
And I was, I wish I could share this with, you.

169 "Tammy Mayer" (882130688)
00:21:49.919 --> 00:21:57.569

But is there anybody that oh, do you know the cost of the hero? I think the machine itself.

170 "Tammy Mayer" (882130688)
00:21:57.569 --> 00:22:00.959
Is, um.

171 "Tammy Mayer" (882130688)
00:22:00.959 --> 00:22:06.209
Brian, that would be able to answer this better, but I, I want to say the machine is, um.

172 "Tammy Mayer" (882130688)
00:22:06.209 --> 00:22:14.879
500 dollars that would be on the high side and then you have to pay a monthly subscription to for the hero application.

173 "Tammy Mayer" (882130688)
00:22:14.879 --> 00:22:18.929
But for us.

174 "Tammy Mayer" (882130688)
00:22:18.929 --> 00:22:27.539
This makes him more independent to be able to stay in a home with maybe some supports.

175 "Tammy Mayer" (882130688)
00:22:27.539 --> 00:22:31.649
After after we're gone, so.

176 "Tammy Mayer" (882130688)
00:22:31.649 --> 00:22:38.939
You know, the cost to us, the, the machine itself is an original investment, and it was covered.

177 "Tammy Mayer" (882130688)
00:22:38.939 --> 00:22:42.269
Um, by 1 of.

178 "Tammy Mayer" (882130688)
00:22:43.559 --> 00:22:49.469
By 1 of the funds that he qualified for.

179 "Tammy Mayer" (882130688)
00:22:49.469 --> 00:22:56.579
So, I'm not exactly sure of the full cost. Brenda would be able to tell you that.

180 "Tammy Mayer" (882130688)
00:22:56.579 --> 00:23:04.139
But the little machine that we got, that was just a pill dispenser with the little alarm on that that was like, 80 dollars.

181 "Tammy Mayer" (882130688)

00:23:04.139 --> 00:23:11.549

And it did nothing so, um, it is it is a little bit more expensive, but it is well worth it.

182 "Tammy Mayer" (882130688)

00:23:11.549 --> 00:23:21.534

If that's your goal to be able to keep keep track of somebody actually taking their medications not having to to sort them out every single day or every week.

183 "Tammy Mayer" (882130688)

00:23:21.774 --> 00:23:30.984

You know, you can do a month at a time, which makes it easier for caregivers or supportive people coming in home. The other thing I've learned which we haven't done yet is you can order.

184 "Tammy Mayer" (882130688)

00:23:31.349 --> 00:23:44.789

The prescriptions through here, they do work with pharmacies and so the medicines can be delivered right to a home. And right now we're still picking them up from the pharmacy and.

185 "Tammy Mayer" (882130688)

00:23:44.789 --> 00:23:52.379

Putting them in the machine, we are not, uh, having them delivered to the home, but that probably is our next step that we'll finish with this process.

186 "Tammy Mayer" (882130688)

00:23:54.419 --> 00:23:59.009

So, I don't know if that told you everything you wanted to know. Um.

187 "Tammy Mayer" (882130688)

00:24:00.659 --> 00:24:05.549

Never spoke at something like this before so if anybody has any questions.

188 "Holly Reiff" (773248512)

00:24:05.549 --> 00:24:09.509

Sammy, I'm so excited that you were able to join us.

189 "Holly Reiff" (773248512)

00:24:09.509 --> 00:24:14.309

Medication administration, and, um, equipment is, is new to us.

190 "Holly Reiff" (773248512)

00:24:14.309 --> 00:24:18.509

It has always been available under our assistive technology.

191 "Holly Reiff" (773248512)

00:24:18.509 --> 00:24:27.269

Service, um, definition, which is underneath the, the 4, um, waivers so it's available in all 4 waivers. Um.

192 "Holly Reiff" (773248512)

00:24:27.269 --> 00:24:38.219

And I would just really encourage that if anyone has more questions about this type of technology, and can see a need for it for their loved ones to reach out to.

193 "Holly Reiff" (773248512)

00:24:38.219 --> 00:24:52.769

Their support coordinator are the team, so the team is the universal design and assistive technology team, and we're really, really happy to help and help get this into more hands of the individuals we support. So they too can have.

194 "Holly Reiff" (773248512)

00:24:52.769 --> 00:24:56.879

This level of independence and daily.

195 "Tammy Mayer" (882130688)

00:24:56.879 --> 00:25:04.139

Control over their lives, you know, I would say that a lot of times the, uh, less expensive.

196 "Tammy Mayer" (882130688)

00:25:04.139 --> 00:25:15.264

Process he was approved for the hero machine, and the agency sent us the less expensive, 80 dollar 1 and I called them immediately and I said this is not going to help us.

197 "Tammy Mayer" (882130688)

00:25:15.264 --> 00:25:26.874

This is just a glorified pillbox like we have and so they went back and go. Oh, you were approved for the other 1 and we did get the hero machine. So, you know, if you have people and they are, they're not sure what they got.

198 "Tammy Mayer" (882130688)

00:25:26.874 --> 00:25:34.134

Have them call their support what we call Brenda all the time you know, she's made Matt be, she's helped us make him independent.

199 "Tammy Mayer" (882130688)

00:25:34.139 --> 00:25:39.389

And, you know, our goal is to have them living at home and have some supports.

200 "Tammy Mayer" (882130688)

00:25:39.389 --> 00:25:47.999

And, you know, we're in the process of that at the beginning, we thought he might have to live with somebody. But as he gets older things change and so.

201 "Holly Reiff" (773248512)

00:25:47.999 --> 00:26:00.329

Technology like, this is wonderful. Well, thank you again so much for your time, Tammy. I really appreciate you sharing um, not success with us and.

202 "Holly Reiff" (773248512)
00:26:00.329 --> 00:26:13.889

We hope that it continues and please reach out if you have any other questions or concerns, and please show me the video. Um, if you would like us to include that, um, in our upload, where should I send out?

203 "Holly Reiff" (773248512)
00:26:13.889 --> 00:26:18.569

So you can send that to Holly H. O. L. L. L. Y.

204 "Holly Reiff" (773248512)
00:26:18.569 --> 00:26:21.839
Dot rife R. E. I.

205 "Holly Reiff" (773248512)
00:26:21.839 --> 00:26:24.899
As in Frank, Frank.

206 "Holly Reiff" (773248512)
00:26:24.899 --> 00:26:31.619
At D. M. H. M. O. dot.

207 "Tammy Mayer" (882130688)
00:26:31.884 --> 00:26:43.404

You can also send it to Brenda and she can forward it my way. Okay. Because the video shows it all when I looked on, should they hear a website? I was going to try to just pull that up, but they don't actually show it dispensing.

208 "Tammy Mayer" (882130688)
00:26:43.404 --> 00:26:56.454

They're like, it's great you can get rid of all these bottles and all of these build things, but they didn't actually show the video of how it works. So, I'll go ahead and try to get that over to Brandon and to you then and, uh, and the snapshots of the application.

209 "Tammy Mayer" (882130688)
00:26:56.694 --> 00:27:00.024

And, uh, if you guys have any questions, you could Brendan knows how to get ahold of me.

210 "Holly Reiff" (773248512)
00:27:00.389 --> 00:27:03.389

Wonderful Thank you so much for your time this morning.

211 "Holly Reiff" (773248512)
00:27:03.389 --> 00:27:08.309

Thank you. Bye. Bye.

212 "Heike Johns" (2246213120)

00:27:08.309 --> 00:27:11.309
Probably there is a question in the task for you.

213 "Holly Reiff" (773248512)
00:27:11.309 --> 00:27:16.379
Um, yes, uh.

214 "Holly Reiff" (773248512)
00:27:16.379 --> 00:27:21.959
Because assistive technology is based on provider choice. Like all of our providers.

215 "Holly Reiff" (773248512)
00:27:21.959 --> 00:27:33.624
An individual could have a different remote support provider then, uh, assistive technology provider as they are not linked. Um, as the same thing now, you could use the here device.

216 "Holly Reiff" (773248512)
00:27:33.654 --> 00:27:38.724
Um, like Tammy was timeout in conjunction with other remote supports and have it all under 1.

217 "Holly Reiff" (773248512)
00:27:39.029 --> 00:27:44.369
But if you were using 1, remote sport provider, but then decided you wanted.

218 "Holly Reiff" (773248512)
00:27:44.369 --> 00:27:49.709
You needed an iPad with an app on it you could find a different technology provider for that.

219 "Holly Reiff" (773248512)
00:27:49.709 --> 00:27:56.909
I hope that makes sense and I'll drop the email in the chat box. If anyone has additional questions.

220 "Heike Johns" (2246213120)
00:27:59.399 --> 00:28:10.679
Perfect. So thank you both very much. That was very informative. Very helpful.

221 "Heike Johns" (2246213120)
00:28:10.679 --> 00:28:15.389
Oh, so if someone did come at you, you're right.

222 "Heike Johns" (2246213120)
00:28:15.389 --> 00:28:23.459
I did not read the question. Holly answered it and in her answer, I think she got to the question but the question was.

223 "Heike Johns" (2246213120)
00:28:23.459 --> 00:28:30.389

Can an individual have 1 provider for remote support and a different provider for assistive technology.

224 "Heike Johns" (2246213120)

00:28:30.389 --> 00:28:35.879

Other applications and so she answered that yes that they could.

225 "Heike Johns" (2246213120)

00:28:35.879 --> 00:28:40.109

So well, we'll stay on top of that a little bit tighter.

226 "Heike Johns" (2246213120)

00:28:40.109 --> 00:28:47.729

And with that, that takes us to Leslie, Brad Bradley with the federal programs updates.

227 "Leslie Bradley" (883546624)

00:36:10.944 --> 00:36:25.434

Uh, they sent out messaging to encourage missourians to get a flu shot in a covid, 19 vaccine or booster if eligible. And if that, you know, if that if you're able to, um, the messaging states that there have already been flu related cases across Missouri this month.

271 "Leslie DeGroat" (964957184)

00:36:26.034 --> 00:36:31.104

So they're encouraging to get a flu shot to protect ourselves and loved ones against the flu.

272 "Leslie DeGroat" (964957184)

00:36:31.259 --> 00:36:39.924
