

WEBVTT

1 "Heike Johns" (3023089152)
00:00:00.000 --> 00:00:12.269

Happening as I'm sure most of you are aware of now that the governor's given his state of the state and all things are starting to lighten up.

2 "Heike Johns" (3023089152)
00:00:12.269 --> 00:00:18.029

So, with that quick reminder, when you're submitting questions or anything.

3 "Heike Johns" (3023089152)
00:00:18.029 --> 00:00:30.414

Please send all panelists reminder, all panelists that don't send those to the host. They won't get to the whole team and the right individuals don't have the opportunity to answer your questions.

4 "Heike Johns" (3023089152)
00:00:30.894 --> 00:00:36.414

So, with that, we are going to start off today with Andy Brenner.

5 "Angela Brenner" (3391932928)
00:00:38.400 --> 00:00:44.820

Good morning everyone hopefully my sound in my video are working on this call.

6 "Angela Brenner" (3391932928)
00:00:45.930 --> 00:00:49.830

It is, it is a, um.

7 "Angela Brenner" (3391932928)
00:00:50.875 --> 00:01:03.985

I don't know, what do you want to say? It's a gamble. Every time I join a call if it's going to work or not. So anyway, I hope everyone's doing well on this Friday not too much sun or no sun at all here. So, hopefully, somebody's got some sun somewhere budget updates.

8 "Angela Brenner" (3391932928)
00:01:03.985 --> 00:01:07.075

I have a couple of things that we want to go through today before I pass it along.

9 "Angela Brenner" (3391932928)
00:01:07.350 --> 00:01:15.090

But for our budget updates, as I mentioned, the governor did his state of the state this week and so we now see the governor's recommendations.

10 "Angela Brenner" (3391932928)
00:01:15.090 --> 00:01:22.560

Which were not a lot of surprises to us. Most of what we had in our actually everything we had in our department request.

11 "Angela Brenner" (3391932928)

00:01:22.560 --> 00:01:26.310

I went through with the governor's recommendations, so.

12 "Angela Brenner" (3391932928)

00:01:26.310 --> 00:01:29.310

I will add a highlight kind of run through those for you.

13 "Angela Brenner" (3391932928)

00:01:26.340 --> 00:01:39.780

I will add a highlight kind of run through those for you. Our utilization request of 117Million was included in his recommendation and that would cover 1140 slots for in home services.

14 "Angela Brenner" (3391932928)

00:01:29.310 --> 00:01:39.780

Our utilization request of 117Million was included in his recommendation, and that would cover 1140 slots for in home services.

15 "Angela Brenner" (3391932928)

00:01:39.780 --> 00:01:47.520

And 445 for residential, and it also includes care plan increases for individuals served in fiscal year, 22. so.

16 "Angela Brenner" (3391932928)

00:01:47.520 --> 00:01:53.280

That is great rate. Standardization. We increase rates. Um.

17 "Angela Brenner" (3391932928)

00:01:53.280 --> 00:01:57.120

And fiscal year, 22, and again, in fiscal year, 23.

18 "Angela Brenner" (3391932928)

00:01:57.120 --> 00:02:07.830

And that was with the new rate methodology, and trying to get a rate standardized. If you remember that was using enhanced htbs, enhanced funds. And so we did requested pick up for that.

19 "Angela Brenner" (3391932928)

00:02:07.830 --> 00:02:12.660

And that was included in his recommendation of 264Million dollars total.

20 "Angela Brenner" (3391932928)

00:02:12.660 --> 00:02:21.300

90Million then all of our value based payments that we just recently were approved in our waiver by CMS.

21 "Angela Brenner" (3391932928)

00:02:21.300 --> 00:02:26.430

Those were included as well and in the rec and that also includes.

22 "Angela Brenner" (3391932928)

00:02:26.430 --> 00:02:30.390

The IC investments that we want to.

23 "Angela Brenner" (3391932928)
00:02:30.390 --> 00:02:36.720
Move forward with to be able to really continue the progression of our value based care.

24 "Angela Brenner" (3391932928)
00:02:36.720 --> 00:02:45.240
For htbs services and then htbs enhancements are that was also a GR, pick up that includes.

25 "Angela Brenner" (3391932928)
00:02:38.970 --> 00:02:45.240
And then htbs enhancements are that was also a pick up that includes.

26 "Angela Brenner" (3391932928)
00:02:45.240 --> 00:02:49.080
The environmental accessibility adaptation change that we made.

27 "Angela Brenner" (3391932928)
00:02:49.080 --> 00:02:52.410
Remember we moved from the 7,500 annual.

28 "Angela Brenner" (3391932928)
00:02:52.410 --> 00:03:06.030
Limitation now it will be 20,000. yeah 20,000 dollars over a 2 year, period or 10,000 a year. That was included as a pickup as well as the quality. The provider quality contract.

29 "Angela Brenner" (3391932928)
00:03:06.030 --> 00:03:14.130
They you all have been hearing about so the other things DD moving expenses. This is really to help us.

30 "Angela Brenner" (3391932928)
00:03:14.130 --> 00:03:21.750
Relocate some office space to expand our patient capacity. Sometimes you hear discussions about the re, conceptualization of beds.

31 "Angela Brenner" (3391932928)
00:03:21.750 --> 00:03:28.350
We conceptualization of our have centers and being able to help some, some provider capacity. This is really just to kind of help us.

32 "Angela Brenner" (3391932928)
00:03:28.350 --> 00:03:35.520
Get some moves happening. 1st, so we can clear up some space, but that was 89,000 small, small amount, but an important amount amount.

33 "Angela Brenner" (3391932928)
00:03:35.520 --> 00:03:38.730
Um, the 1 thing that was new.

34 "Angela Brenner" (3391932928)
00:03:38.730 --> 00:03:43.110

Is the DD health home and that's 4.4Million dollars so.

35 "Angela Brenner" (3391932928)

00:03:43.110 --> 00:03:50.460

There was a, that was included in the governor's recommendation and you all many people have been a part of.

36 "Angela Brenner" (3391932928)

00:03:50.460 --> 00:03:54.600

That conversation of getting the DD health home, put into place so we are going to continue.

37 "Angela Brenner" (3391932928)

00:03:54.600 --> 00:04:00.210

Down that path, and we're excited about that that program to our division and to the people that we serve.

38 "Angela Brenner" (3391932928)

00:04:00.210 --> 00:04:09.900

There was a 35,000 dollar Gov Reg for increase cost of healthcare just in our state operated facilities and that's usually to help with like the.

39 "Angela Brenner" (3391932928)

00:04:09.900 --> 00:04:12.930

The food and.

40 "Angela Brenner" (3391932928)

00:04:09.990 --> 00:04:15.810

The the food and and fuel things like that. The big thing for.

41 "Angela Brenner" (3391932928)

00:04:12.930 --> 00:04:20.910

Fuel things like that. The big thing for for all of the state agencies is the 8.7% salary increase.

42 "Angela Brenner" (3391932928)

00:04:15.810 --> 00:04:20.910

For all of the state agencies is the 8.7% salary increase.

43 "Angela Brenner" (3391932928)

00:04:20.910 --> 00:04:24.690

This will be a significant impact for our state operated facilities.

44 "Angela Brenner" (3391932928)

00:04:24.690 --> 00:04:35.039

So, we do, we do appreciate that as well for those staff that are that are working the direct care. But overall that was a 14.2Million dollars to our budget.

45 "Angela Brenner" (3391932928)

00:04:35.039 --> 00:04:39.269

So, like I said, it's, it's, it's happening, it's.

46 "Angela Brenner" (3391932928)

00:04:39.269 --> 00:04:44.249

It's it's busy now, so we start our hearings next week. We have supplemental.

47 "Angela Brenner" (3391932928)

00:04:44.249 --> 00:04:47.459

Early supplemental hearing Monday and then.

48 "Angela Brenner" (3391932928)

00:04:47.459 --> 00:04:53.789

Our house budget hearing is scheduled right now for the 30th. So.

49 "Angela Brenner" (3391932928)

00:04:53.789 --> 00:05:02.879

Lots what's happening here the other thing that I wanted to make sure everyone knew about was the covid, 19, Medicaid, continuous coverage.

50 "Angela Brenner" (3391932928)

00:05:02.879 --> 00:05:06.449

Everyone is really anxious and wants to be prepared.

51 "Angela Brenner" (3391932928)

00:05:06.449 --> 00:05:14.099

So, there is still a lot of unknowns, but what has come out and we did send this out as an email blast that, um.

52 "Angela Brenner" (3391932928)

00:05:14.099 --> 00:05:21.509

The covid, 19, Medicaid, continuous coverage guarantee is no longer linked to the public health emergency.

53 "Angela Brenner" (3391932928)

00:05:21.509 --> 00:05:24.929

It ends on March 31st 2023.

54 "Angela Brenner" (3391932928)

00:05:24.929 --> 00:05:31.109

Even though the public health emergency is continuing, so there is a Medicaid news.

55 "Angela Brenner" (3391932928)

00:05:31.109 --> 00:05:37.469

newsletter that our medicaid eligibility specialist here at they they send out

56 "Angela Brenner" (3391932928)

00:05:37.469 --> 00:05:40.919

And so there was an email blast sharing that link.

57 "Angela Brenner" (3391932928)

00:05:40.919 --> 00:05:46.799

And then it within that, that email blast, there's also a section Thank you so much.

58 "Angela Brenner" (3391932928)
00:05:46.799 --> 00:05:58.859
or cats or whoever's doing that for me annual reviews this is a process
that she's showing here and this is what's going to be updated as they
continue to learn more about how is going to roll out

59 "Angela Brenner" (3391932928)
00:05:58.859 --> 00:06:03.989
The annual reviews, what we do know is that on April 1st.

60 "Angela Brenner" (3391932928)
00:06:03.989 --> 00:06:11.969
Family support division can begin requesting clients to provide
information needed to complete their annual reviews and closing Medicaid.

61 "Angela Brenner" (3391932928)
00:06:11.969 --> 00:06:16.889
They will include due process, so just want to make sure everyone knows
that.

62 "Angela Brenner" (3391932928)
00:06:16.889 --> 00:06:23.669
The only real preparation that we can do the providers can do at this
time is really go in to see more.

63 "Angela Brenner" (3391932928)
00:06:23.669 --> 00:06:29.909
and make sure all of the medicaid demographics are up to date including
the client in the individual's address

64 "Angela Brenner" (3391932928)
00:06:29.909 --> 00:06:36.749
If that is not update updated, then the appropriate address is not going
to be sent to.

65 "Angela Brenner" (3391932928)
00:06:36.749 --> 00:06:42.359
Family support divisions, so if you can make sure those are good.

66 "Angela Brenner" (3391932928)
00:06:42.359 --> 00:06:49.379
That would be great. We also don't know how family support division is
really going to go about catching up on all the overdue reviews.

67 "Angela Brenner" (3391932928)
00:06:49.379 --> 00:06:54.689
We know that they have 12 months to complete it from March 31st 2023.

68 "Angela Brenner" (3391932928)
00:06:49.409 --> 00:06:54.689
We know that they have 12 months to complete it from March 31st 2023.

69 "Angela Brenner" (3391932928)
00:06:54.689 --> 00:06:59.249

To initiate all the annual, and then they have 14 months to complete them.

70 "Angela Brenner" (3391932928)

00:06:59.249 --> 00:07:03.359

We know that they want to try to do as many reviews as possible.

71 "Angela Brenner" (3391932928)

00:07:03.359 --> 00:07:09.509

Based off of the information that they already have access to, without trying to contact the client.

72 "Angela Brenner" (3391932928)

00:07:09.509 --> 00:07:13.919

but if they do it need information and they'll contact the client

73 "Angela Brenner" (3391932928)

00:07:13.919 --> 00:07:18.059

And they'll send a review form with the due date in the month.

74 "Angela Brenner" (3391932928)

00:07:18.059 --> 00:07:22.889

That they initiate the review also for providers.

75 "Angela Brenner" (3391932928)

00:07:22.889 --> 00:07:26.189

On in the FTP and your FTP site.

76 "Angela Brenner" (3391932928)

00:07:26.189 --> 00:07:29.969

You do get a report.

77 "Angela Brenner" (3391932928)

00:07:29.969 --> 00:07:35.549

That, and it's a monthly report that talks about kind of the annual review.

78 "Angela Brenner" (3391932928)

00:07:35.549 --> 00:07:41.189

Who's coming up for that annual review that's still going to be that's still put out there for you to be looking at.

79 "Angela Brenner" (3391932928)

00:07:41.189 --> 00:07:47.039

We don't know if if we're going to have to change that report if fsd changes anything.

80 "Angela Brenner" (3391932928)

00:07:47.039 --> 00:07:53.729

But we will if we need to, but right now that report shows, the reviews that are coming due in the next 2 months.

81 "Angela Brenner" (3391932928)

00:07:53.729 --> 00:07:59.669

And that's based on when the review was last shown as completed in the eligibility system.

82 "Angela Brenner" (3391932928)
00:07:59.669 --> 00:08:05.909

So, the February 2023 report is going to show reviews doing the system.

83 "Angela Brenner" (3391932928)
00:08:05.909 --> 00:08:09.059

For March and April 2023.

84 "Angela Brenner" (3391932928)
00:08:09.059 --> 00:08:14.099

So, February 2023 is going to show the reports that are due in March and April.

85 "Angela Brenner" (3391932928)
00:08:14.099 --> 00:08:19.469

And it'll continue to roll like that. So, even though we reviews weren't required in those months.

86 "Angela Brenner" (3391932928)
00:08:19.469 --> 00:08:22.739

It's going to oftentimes show that reviews are completed.

87 "Angela Brenner" (3391932928)
00:08:22.739 --> 00:08:27.329

As they were new approvals, or if there was other activity on the case.

88 "Angela Brenner" (3391932928)
00:08:26.729 --> 00:08:33.899

There is on the annual review link. It also talks about. You don't have to wait.

89 "Angela Brenner" (3391932928)
00:08:27.329 --> 00:08:33.899

There is on the annual review link. It also talks about. You don't have to wait.

90 "Angela Brenner" (3391932928)
00:08:33.899 --> 00:08:38.399

To do the review forms, but what they're asking right now is.

91 "Angela Brenner" (3391932928)
00:08:38.399 --> 00:08:42.059

You do not report review forms should.

92 "Angela Brenner" (3391932928)
00:08:42.059 --> 00:08:47.729

Not be sent on cases that are due prior to April 2023.

93 "Angela Brenner" (3391932928)
00:08:47.729 --> 00:08:53.729

We're not sure how fsd is going to do that at this point. So.

94 "Angela Brenner" (3391932928)
00:08:53.729 --> 00:08:58.109
They may end up doing the oldest ones. 1st.

95 "Angela Brenner" (3391932928)
00:08:57.989 --> 00:09:04.109
On the reviews and so we'll, we'll figure that out we'll let, you know,
as soon as we we know.

96 "Angela Brenner" (3391932928)
00:08:58.109 --> 00:09:04.139
On the reviews and so we'll, we'll figure that out we'll let, you know,
as soon as we, we we know.

97 "Angela Brenner" (3391932928)
00:09:04.109 --> 00:09:08.219
Our Medicaid eligibility specialist here will continue to update.

98 "Angela Brenner" (3391932928)
00:09:04.139 --> 00:09:08.249
Our Medicaid eligibility specialist here will continue to update.

99 "Angela Brenner" (3391932928)
00:09:08.219 --> 00:09:12.389
The annual review link that hiker showed, and they will continue to send
out newsletters.

100 "Angela Brenner" (3391932928)
00:09:08.249 --> 00:09:12.389
The annual review link that hiker showed, and they will continue to send
out newsletters.

101 "Angela Brenner" (3391932928)
00:09:12.389 --> 00:09:16.679
As quick as we know things, so just keep watching those, those links.

102 "Angela Brenner" (3391932928)
00:09:16.679 --> 00:09:29.759
And then the final thing that I have is just a reminder if you did not
see it yesterday, that the connection demonstration walked through
webinar that was scheduled for next week on the 23rd.

103 "Angela Brenner" (3391932928)
00:09:29.759 --> 00:09:33.119
Monday, that is being rescheduled.

104 "Angela Brenner" (3391932928)
00:09:33.119 --> 00:09:37.739
Just to allow for some enhancements to the demonstration.

105 "Angela Brenner" (3391932928)
00:09:37.739 --> 00:09:46.859

It's going to include the ISP planning and service authorizations and all the modules that interact with them and we will send out an updated announcement with the new webinar date.

106 "Angela Brenner" (3391932928)
00:09:46.859 --> 00:09:51.269
As soon as we have that available, so, um.

107 "Angela Brenner" (3391932928)
00:09:51.269 --> 00:09:54.479
I am going to look through and see if I have any questions.

108 "Angela Brenner" (3391932928)
00:09:57.779 --> 00:10:01.949
Does the pull the parent address and see more just the client.

109 "Angela Brenner" (3391932928)
00:10:01.949 --> 00:10:09.629
I, I can check on that, but I think Eric, I think it's just it's the main. It depends on.

110 "Angela Brenner" (3391932928)
00:10:09.629 --> 00:10:15.629
It'll be the main address that shows up on the eligibility so I'm not sure.

111 "Angela Brenner" (3391932928)
00:10:15.629 --> 00:10:20.819
With that question, like, if where the parent's addresses versus the individual's address.

112 "Angela Brenner" (3391932928)
00:10:20.819 --> 00:10:24.299
But it will be the main main.

113 "Angela Brenner" (3391932928)
00:10:24.299 --> 00:10:31.319
Main address, but I'll see if I can find out more and give you and maybe put out specifics on which 1 it would be.

114 "Angela Brenner" (3391932928)
00:10:33.119 --> 00:10:37.199
Um, let's see.

115 "Angela Brenner" (3391932928)
00:10:42.029 --> 00:10:45.479
The rates study, there's questions about rates here.

116 "Angela Brenner" (3391932928)
00:10:45.479 --> 00:10:51.179
The rate steady refresh is something that we've been working on with.

117 "Angela Brenner" (3391932928)
00:10:51.179 --> 00:10:54.719

And we have some draft that you will probably start seeing here.

118 "Angela Brenner" (3391932928)
00:10:54.719 --> 00:11:00.449
You're pretty soon.

119 "Angela Brenner" (3391932928)
00:11:00.449 --> 00:11:04.049
Yeah, you'll probably start seeing some of that here. Pretty soon. Again it is still in draft form.

120 "Angela Brenner" (3391932928)
00:11:04.049 --> 00:11:09.419
But you'll start seeing kind of where we're at with the rates and that would be for our waiver services.

121 "Angela Brenner" (3391932928)
00:11:09.419 --> 00:11:14.849
And for rates, again, the governor did not include rate increases.

122 "Angela Brenner" (3391932928)
00:11:14.849 --> 00:11:19.679
For providers, or in the recommendation.

123 "Angela Brenner" (3391932928)
00:11:19.679 --> 00:11:23.939
But at least the information that we'll have, we'll give give you things to work with. So.

124 "Angela Brenner" (3391932928)
00:11:23.939 --> 00:11:28.529
Okay with that I am going to pass it along.

125 "Emily Luebbering" (3282074624)
00:11:28.529 --> 00:11:41.129
To Emily, Sandy. Good morning. Everyone. So I'm going to share some information about waivers this morning and.

126 "Emily Luebbering" (3282074624)
00:11:41.214 --> 00:11:52.674
And value based payments, so start with the partnership and waiver renewals, which will be their due effect, effective 71 of 2023.

127 "Emily Luebbering" (3282074624)
00:11:52.674 --> 00:12:04.644
currently they are with health net for review those applications and public comments should be coming out for those applications fairly soon. for those applications fairly soon

128 "Emily Luebbering" (3282074624)
00:12:06.684 --> 00:12:17.124
A couple things, or I'll go through a list of items that you'll see in the changes in those applications we're going to make remote, supports its own standalone service.

129 "Emily Luebbering" (3282074624)
00:12:17.124 --> 00:12:24.774
So it will be removed from the service assistive technology service and made its own remote support service.

Provided through a virtual support virtual delivery that will continue and will add assurances in the waiver for, for virtual delivery.

133 "Emily Luebbering" (3282074624)
00:12:58.229 --> 00:13:08.159
We'll have some updates to the or the environmentally accessibility, uh, designations, vehicle, modifications, provider requirements.

00:13:19.979 --> 00:13:31.079
Clarify the use of service funds provider owns lease vehicle, adaptations and vehicle maintenance. These are actually not really changes in our practice. Just updates.

136 "Emily Luebbering" (3282074624)
00:13:31.079 --> 00:13:39.119
Just adding it to the waiver, and also some requirements that are found in the CMS technical guide.

137 "Emily Luebbering" (3282074624)
00:13:39.119 --> 00:13:43.109
We're going to remove the assistive technology provider type.

138 "Emily Luebbering" (3282074624)
00:13:43.109 --> 00:13:55.229
From your personal assistant definition, increase the maximum units for behavior and identification assessment and behavior identification supporting.

Identification supporting assessment observational to be fall in line with state plan.

140 "Emily Luebbering" (3282074624)
00:14:01.229 --> 00:14:04.439
Maximum unit limits.

141 "Emily Luebbering" (3282074624)
00:14:04.439 --> 00:14:16.979
We're going to add the provider to the adaptive behavior treatment by protocol by technician ABA service and that's also to fall in line with state plan.

142 "Emily Luebbering" (3282074624)
00:14:16.949 --> 00:14:20.009
Update the committee.

143 "Emily Luebbering" (3282074624)
00:14:16.979 --> 00:14:20.009
Update the committee.

144 "Emily Luebbering" (3282074624)
00:14:20.009 --> 00:14:32.904
What was referred to, as you are committed to your process and the applications, and this is to me or match the PSR updates clarity that clarity around the Missouri, adaptive ability scale,

145 "Emily Luebbering" (3282074624)
00:14:32.904 --> 00:14:39.624
or the mass or mass assessment as a standard instrument for determining functional limitation.

148 "Emily Luebbering" (3282074624)
00:14:40.074 --> 00:14:52.074
And then also the addition of a several more value based payments for a completion of the electronic Missouri person, senior center thinking training and electronic advanced.

147 "Emily Luebbering" (3282074624)
00:14:27.804 --> 00:14:39.654
Clarity that clarity around the Missouri adaptive ability scale, or the mass are mass assessment as the standard instrument for determining functional limitation.

149 "Emily Luebbering" (3282074624)
00:14:50.009 --> 00:14:52.349
And electronic advanced.

150 "Emily Luebbering" (3282074624)
00:14:52.349 --> 00:14:58.169
Fatal 5+training so those are the changes in proposed.

151 "Emily Luebbering" (3282074624)
00:14:58.139 --> 00:15:07.979
To CMS, and for public comment for the waiver renewals, and then the amendments, the community support and comp to be in line with.

152 "Emily Luebbering" (3282074624)
00:14:58.169 --> 00:15:07.979
To CMS, and for public comment for the waiver renewals, and then the amendments, the community support and comp to be in line with.

153 "Emily Luebbering" (3282074624)
00:15:07.979 --> 00:15:12.959
With those renewals for an update on value based payments.

154 "Emily Luebbering" (3282074624)
00:15:12.959 --> 00:15:21.299
We, we had the approval for the 9 incentives to be effective January 1st of 2023.

155 "Emily Luebbering" (3282074624)
00:15:21.299 --> 00:15:25.679
The BBVA team went live with the red cap websites.

156 "Emily Luebbering" (3282074624)
00:15:25.679 --> 00:15:33.239
Which is the website that providers will log into and enter data for incentives.

157 "Emily Luebbering" (3282074624)
00:15:33.774 --> 00:15:48.324
And that training was on January 4th, and January 10th of this month, we also had additional training for employment for deployment reporting and tear supports all of that training is available on our website. our website

158 "Emily Luebbering" (3282074624)
00:15:48.539 --> 00:16:02.609
Our VP website also, you can find it under previous webinars, and just look for the date that it was provided on. You'll see January 4th and 10 or just a general provider data data collection.

159 "Emily Luebbering" (3282074624)
00:16:02.609 --> 00:16:07.709
And I want to say the 5th and the 12 core employment.

160 "Emily Luebbering" (3282074624)
00:16:07.709 --> 00:16:14.159
I can't remember exactly what date for the shared supports, which you'll find those out there on our previous webinars.

161 "Emily Luebbering" (3282074624)
00:16:17.724 --> 00:16:29.004

Um, I mentioned that red hat did go live on January 17. so this past Tuesday we went live, we started accepting user access, request for red cap and data entry for the.

162 "Emily Luebbering" (3282074624)

00:16:17.609 --> 00:16:30.239

I mentioned that red cap did go live on January 17th so this past Tuesday we went live, we started accepting user access, request for red cap and data entry for the BBP and.

163 "Emily Luebbering" (3282074624)

00:16:30.239 --> 00:16:33.479

Incentives, I think, well.

164 "Emily Luebbering" (3282074624)

00:16:33.479 --> 00:16:41.639

User access. Yeah. So cat put in the chat window for us the, the login.

165 "Emily Luebbering" (3282074624)

00:16:33.509 --> 00:16:41.639

We have the recap user access you can't put in the chat window for us the, the login.

166 "Emily Luebbering" (3282074624)

00:16:41.639 --> 00:16:48.329

Page Andy user access page to request access for the, for the site.

167 "Emily Luebbering" (3282074624)

00:16:48.329 --> 00:16:53.459

We had the 1st day we had about 30.

168 "Emily Luebbering" (3282074624)

00:16:53.459 --> 00:17:02.369

30 request for user access in each day we receive more and we also have the receiving questions to our VP mailbox.

169 "Emily Luebbering" (3282074624)

00:17:03.689 --> 00:17:08.909

Uh, update on, or just maybe a reminder on.

170 "Emily Luebbering" (3282074624)

00:17:09.474 --> 00:17:20.544

Your electronic visit, verification requirements for personal assistant service for both agency and self directed PA that did go live November 1st of 2021.

171 "Emily Luebbering" (3282074624)

00:17:20.544 --> 00:17:27.744

in fact, sanctions for providers that are not connecting to the. not connecting to the

172 "Emily Luebbering" (3282074624)

00:17:27.959 --> 00:17:42.714

To the AVP aggregator providers must monitor their vendor and through records to be sure that your vendor is sending reference to the aggregator and those records are being verified or accepted.

173 "Emily Luebbering" (3282074624)
00:17:43.199 --> 00:17:48.659
Um, all pay visits, require record.

174 "Emily Luebbering" (3282074624)
00:17:48.659 --> 00:17:52.044
And we're, uh, we're seeing and these are just approximates,

175 "Emily Luebbering" (3282074624)
00:17:52.044 --> 00:18:03.894
because it does change it changed monthly but we have about 86 out of our 185 providers that are billing currently that have not successfully transmitted records to the Mohawk net aggregator also.

176 "Emily Luebbering" (3282074624)
00:18:03.894 --> 00:18:18.564
Sometimes referred to as data the vendor for that aggregator with those records. It is require that an memo or a memo field is completed on the. field is completed on the

177 "Emily Luebbering" (3282074624)
00:18:18.659 --> 00:18:22.469
The record and that's any.

178 "Emily Luebbering" (3282074624)
00:18:22.469 --> 00:18:36.264
Detailed description of the individual's activities, and how the individual was supported during the delivery of the service at the PA service. It must be included on that record when submitting it in for the memo field.

179 "Emily Luebbering" (3282074624)
00:18:37.044 --> 00:18:38.394
We want to, um.

180 "Emily Luebbering" (3282074624)
00:18:40.074 --> 00:18:48.384
Encourage everybody RPA providers to watch for announcements for, via email blast for informational webinars,

181 "Emily Luebbering" (3282074624)
00:18:48.384 --> 00:19:02.034
to demonstrate how to use the aggregator portal to monitor your records also address issues that work with providers on issues. They may have with getting their data to see and data.

182 "Emily Luebbering" (3282074624)
00:19:02.399 --> 00:19:14.069
And for incomplete rejected records, so look for those announcements in the coming months for more informational webinars on a.

183 "Emily Luebbering" (3282074624)

00:19:17.484 --> 00:19:31.344

Um, and lastly, I wanted to talk about site visits, so CMS has started to conduct site visits for the settings room and.

184 "Emily Luebbering" (3282074624)

00:19:31.649 --> 00:19:42.119

In the calendar year, calendar year, 2022 to 2023. they visit approximately 15 States.

185 "Emily Luebbering" (3282074624)

00:19:42.119 --> 00:19:47.459

And as of October 31st, they had completed 7.

186 "Emily Luebbering" (3282074624)

00:19:47.429 --> 00:19:57.509

7 site visits, so it looks like I'm probably doing another 7 to 8 site visits in 2023. CMS selected those settings.

187 "Emily Luebbering" (3282074624)

00:19:47.459 --> 00:19:57.509

7 site visits, so it looks like I'm probably doing another 7 to 8 site visits in 2023. CMS selected those settings.

188 "Emily Luebbering" (3282074624)

00:19:57.509 --> 00:20:01.379

In the States submitted to CMS for heightened scrutiny.

189 "Emily Luebbering" (3282074624)

00:20:01.379 --> 00:20:15.329

So, states that have submitted sites with heightened through, were selected, using that method. The team the team does. So the state does get notification that CMS is going to visit.

190 "Emily Luebbering" (3282074624)

00:20:15.329 --> 00:20:20.249

The sites and your, your state, the team also.

191 "Emily Luebbering" (3282074624)

00:20:20.424 --> 00:20:31.974

Received the tour of the settings, so the team will tour the setting reviews person, centered service plans and documents and other documents on the site and speaks to the beneficiaries.

192 "Emily Luebbering" (3282074624)

00:20:31.974 --> 00:20:35.694

Are the individuals and the drug support professionals.

193 "Emily Luebbering" (3282074624)

00:20:36.539 --> 00:20:49.349

With with the site tour up to 2 state, Medicaid staff or state waiver, operating agency, staff, per setting have participated in the sites visits to observe.

194 "Emily Luebbering" (3282074624)
00:20:49.349 --> 00:20:53.939
So the state would also have individuals there at the site.

195 "Emily Luebbering" (3282074624)
00:20:53.939 --> 00:21:06.569
At the site tour, there are a few things, or there's several things that CMS has identified and shared games on their site visits things that they have a list of positive things. They've seen.

196 "Emily Luebbering" (3282074624)
00:21:06.569 --> 00:21:15.419
And they have a list of trends that they want, they want state to be aware of. Here's some of the trends that they're seeing when they're visiting sites.

197 "Emily Luebbering" (3282074624)
00:21:15.419 --> 00:21:17.634
And so, it kind of just like their homework.

198 "Emily Luebbering" (3282074624)
00:21:17.964 --> 00:21:32.964
What are the things that other states need to really think about being sure our providers are individuals are we've got where we have all of our settings rules in place before our,

199 "Emily Luebbering" (3282074624)
00:21:32.994 --> 00:21:33.534
um.

200 "Emily Luebbering" (3282074624)
00:21:34.284 --> 00:21:46.644
For this settings role, some of the trends that they are seeing are that individuals are not participating in the plan development, or have not signed the plan providers,

201 "Emily Luebbering" (3282074624)
00:21:46.644 --> 00:21:55.404
or they're functioning under provider plans of care and not specifically the individualized plan of care. The support plan.

202 "Emily Luebbering" (3282074624)
00:21:56.249 --> 00:22:04.499
Staff administration are not aware of the settings requirements. These are kind of things that maybe we've.

203 "Emily Luebbering" (3282074624)
00:22:04.499 --> 00:22:08.189
Hopefully, we baked into our policies as providers.

204 "Emily Luebbering" (3282074624)
00:22:08.844 --> 00:22:17.724

But maybe, but staff or administration are not where, why why we do the things we do why why do we allow visitors all the time,

205 "Emily Luebbering" (3282074624)

00:22:17.724 --> 00:22:26.364

or those kinds of things that why we or we don't allow we require integrated sites, that sort of thing. So, just.

206 "Emily Luebbering" (3282074624)

00:22:26.669 --> 00:22:35.579

Reminders to be sure that we're educating our new employees on the htbs settings requirements.

207 "Emily Luebbering" (3282074624)

00:22:37.734 --> 00:22:47.064

Offsite community activity providers are offering community offsite community activities, but the activities are not integrated in the broader community.

208 "Emily Luebbering" (3282074624)

00:22:47.484 --> 00:22:54.204

So just another trend they're seeing individuals are expressed desire to work, but there's nothing related to employment and their.

209 "Emily Luebbering" (3282074624)

00:22:55.469 --> 00:23:03.209

Provider owned or controlled settings that restrict overnight guests, restricting visitors, restrict language.

210 "Emily Luebbering" (3282074624)

00:23:03.209 --> 00:23:12.749

A restrictive language that's found in lease or residency agreements that you wouldn't find with brought up in the broader community.

211 "Emily Luebbering" (3282074624)

00:23:12.749 --> 00:23:18.929

Also writes restrictions, including not not having locks on bedroom doors or bathrooms.

212 "Emily Luebbering" (3282074624)

00:23:18.929 --> 00:23:27.209

And restricted access to the community or behavior plans, required individuals to individuals to earn activities.

213 "Emily Luebbering" (3282074624)

00:23:27.209 --> 00:23:37.649

So, I just went over a few some of the trends that CMS are at very high level. The trends that CMS has shared with the States.

214 "Emily Luebbering" (3282074624)

00:23:37.649 --> 00:23:44.909

The division will be planning is planning for more training.

215 "Emily Luebbering" (3282074624)

00:23:44.909 --> 00:23:59.549

Options are more webinars to kind of just brush up on the htbs settings role make sure we are aware of each settings rule requirements. So we can't speak to those. If we would have a site visit.

216 "Emily Luebbering" (3282074624)

00:23:59.549 --> 00:24:05.039

And then just awareness of what things are not not allowed under the.

217 "Emily Luebbering" (3282074624)

00:24:05.039 --> 00:24:11.519

The htbs settings role, so that's all I have for today. So.

218 "Emily Luebbering" (3282074624)

00:24:11.519 --> 00:24:15.629

I will see what kind of questions I have in a chat.

219 "Emily Luebbering" (3282074624)

00:24:22.349 --> 00:24:25.829

So, I have a question from, um.

220 "Emily Luebbering" (3282074624)

00:24:25.829 --> 00:24:33.659

About response of the entities responsibility to monitor the baby records of PA providers.

221 "Emily Luebbering" (3282074624)

00:24:33.659 --> 00:24:40.019

And then can ask to see the records as part of the records review, when service monitoring.

222 "Emily Luebbering" (3282074624)

00:24:41.069 --> 00:24:45.239

I have to say that I am not, I don't know that I am.

223 "Emily Luebbering" (3282074624)

00:24:46.044 --> 00:24:58.464

I'm not exactly sure on the direction and I know we've given direction on this, but I can't recall exactly the direction we've given on the monitoring of BD records and reviewing records for service monitoring.

224 "Emily Luebbering" (3282074624)

00:24:58.554 --> 00:25:12.294

So I can get back to you. I can get back to you on that question because it is a very question. I know we get a response before on the path in the past, but I just don't recall exactly how what the response was.

225 "Emily Luebbering" (3282074624)

00:25:12.599 --> 00:25:18.449

So, thank you. I think that is the only 1 I'm seeing unless anybody else.

226 "Emily Luebbering" (3282074624)

00:25:18.534 --> 00:25:33.474

Oh, I see another 1 here, the question was, is there something in the way for application that indicates a Hearst is required for waiver participants? Yes, there is.

227 "Emily Luebbering" (3282074624)

00:25:33.474 --> 00:25:38.004

There is waiver language around the hearse being required for waiver participants.

228 "Emily Luebbering" (3282074624)

00:25:49.349 --> 00:25:52.439

I think that's all I see.

229 "Emily Luebbering" (3282074624)

00:26:06.024 --> 00:26:13.164

I think that's all I see from me. Um, if I miss something, just chat your question again and I'll, I'll look for it again.

230 "Emily Luebbering" (3282074624)

00:26:13.439 --> 00:26:18.809

Um, and then.

231 "Emily Luebbering" (3282074624)

00:26:18.809 --> 00:26:25.559

And I do see another 1 in here that just popped in here regarding and I can follow up with this individuals separately.

232 "Emily Luebbering" (3282074624)

00:26:28.229 --> 00:26:31.619

On that 1. okay. Um.

233 "Emily Luebbering" (3282074624)

00:26:35.909 --> 00:26:41.579

I'm going to go ahead and turn it over to Lesley for our for her updates.

234 "Leslie DeGroat" (1891161088)

00:26:46.769 --> 00:26:57.599

Family, um, happy Friday. Everyone I'm so glad to be here this morning and, um, Kat, I would like to be able to share my screen for my updates.

235 "Leslie DeGroat" (1891161088)

00:26:59.219 --> 00:27:03.389

So, I think I'm going to try to steal that. Usually you beat me to it.

236 "Leslie DeGroat" (1891161088)

00:27:05.999 --> 00:27:12.749

Still the little little folder. Okay. Can you guys see my screen? Okay.

237 "Leslie DeGroat" (1891161088)

00:27:13.979 --> 00:27:27.264

It says it's sharing. All right so, I hope you're all doing well, this fine Friday and I'm going to start off by giving some updates on the health risk screening tool, or Hurst as we call it.

238 "Leslie DeGroat" (1891161088)

00:27:27.834 --> 00:27:38.874

Um, I'm sharing my screen here and I'm going to take you through our webpage just so that you can know, you know, how, how do I get involved? You know, what about it? You know, maybe you haven't heard a lot about it.

239 "Leslie DeGroat" (1891161088)

00:27:39.269 --> 00:27:50.844

Um, so currently, we're in implementation phase 1, which means all contracted DD service provider and targeted case management agencies can voluntarily come on board and initiate the Hirst process,

240 "Leslie DeGroat" (1891161088)

00:27:50.844 --> 00:28:04.674

which is a screening process for risk to help us put supports in place to help keep people helping. And and stable, this phase goes until May, 1st of 2023 the information to onboard is available on this page. available on this page

241 "Leslie DeGroat" (1891161088)

00:28:04.979 --> 00:28:13.139

So, the 1st tab is the overview tab and currently we have a hearse process document in that.

242 "Leslie DeGroat" (1891161088)

00:28:13.139 --> 00:28:16.919

And really what that does it breaks down the process and describes.

243 "Leslie DeGroat" (1891161088)

00:28:16.919 --> 00:28:30.449

What it is, and then the roles of your agency team members in that process, so, you know, if you're wanting to come on board, or if you need a refresher, please, definitely review that document. Um, the next tab is kind of scroll here.

244 "Leslie DeGroat" (1891161088)

00:28:30.774 --> 00:28:32.244

Is a hearse webinar. Q.

245 "Leslie DeGroat" (1891161088)

00:28:32.244 --> 00:28:39.564

and a document we did have 3 different webinars with 1, was the port coordinators 1 with residential service providers,

246 "Leslie DeGroat" (1891161088)

00:28:39.564 --> 00:28:49.524

and then 1 with and employment service provider agencies and we gathered the questions from those and provided the question and the answers on this document.

247 "Leslie DeGroat" (1891161088)

00:28:51.329 --> 00:28:54.954

The next tab is information for individuals, and families.

248 "Leslie DeGroat" (1891161088)

00:28:55.554 --> 00:29:06.744

There are 2 videos that describe the screening tool to help people understand the importance of just what I said, identifying risks and then putting supports in place to keep people's health and behavior stable.

249 "Leslie DeGroat" (1891161088)

00:29:07.074 --> 00:29:21.264

And we're also working on a 1 page informational document that we can all share with families, individuals, caregivers in order to give them a heads up of as to what's going on. And then what to expect with that process in case, our messaging hasn't reached.

250 "Leslie DeGroat" (1891161088)

00:29:21.329 --> 00:29:31.044

Then we'd like to try everything we can just so that they know what to expect. So, if they haven't normally had a screening, well, they'll be having a screening and it's for to help support them.

251 "Leslie DeGroat" (1891161088)

00:29:31.044 --> 00:29:38.004

And it's and to be understood, you know so, then another tab that we have, we have 3, right here.

252 "Leslie DeGroat" (1891161088)

00:29:40.674 --> 00:29:46.794

They show information on getting started with a process for each service provider type each section.

253 "Leslie DeGroat" (1891161088)

00:29:46.794 --> 00:30:01.734

I'm just going to point out the 1 on residential service provider agency but there is a webinar to view and that gives you information on the process specific to your service type. There's also a document talking about the importance of detecting health risks right here.

254 "Leslie DeGroat" (1891161088)

00:30:02.094 --> 00:30:08.274

And then also we have the presentation slide. So if you want to print those offer, you know, use them, however, you can.

255 "Leslie DeGroat" (1891161088)

00:30:08.279 --> 00:30:12.599

And then also that Q, and a document is also linked here.

256 "Leslie DeGroat" (1891161088)

00:30:13.344 --> 00:30:25.464

After your view, that recorded webinar there is this link right here. So, if you're ready to move forward with your agency, please go to the survey and answer those questions at all.

257 "Leslie DeGroat" (1891161088)

00:30:25.494 --> 00:30:37.674

We're asking about your agency name agency, contact, name regions, you serve and things of that nature. And then we will look at that information and reach back out to you with next steps.

258 "Leslie DeGroat" (1891161088)

00:30:38.664 --> 00:30:42.174

So, and I believe cat has dropped those links in the chat.

259 "Leslie DeGroat" (1891161088)

00:30:42.599 --> 00:30:56.784

To this page, but then also don't hesitate to reach out to project at dot dot. Gov that is specifically for the health risk screening tool or hers.

260 "Leslie DeGroat" (1891161088)

00:30:56.814 --> 00:31:06.744

So anything just holler we're here with you through this transition. So we'll take any questions or anything. So, we appreciate we appreciate you reaching out to us.

261 "Leslie DeGroat" (1891161088)

00:31:07.229 --> 00:31:11.879

I'm going to move on to my next topic.

262 "Leslie DeGroat" (1891161088)

00:31:17.604 --> 00:31:27.024

Let's see, so I wanted to point out a news bulletin that that Missouri Department of health and senior services sent out at the end of last month.

263 "Leslie DeGroat" (1891161088)

00:31:27.264 --> 00:31:37.404

It's titled study show, booster vaccinations against covid, 19, lower infections, hospitalizations and deaths in nursing homes. It says nursing homes.

264 "Leslie DeGroat" (1891161088)

00:31:37.404 --> 00:31:47.154

Have experienced a significant amount of SARS or 19 transmission, resulting in hospital admissions and severe outcomes throughout the cobra 19 pandemic.

265 "Leslie DeGroat" (1891161088)

00:31:47.489 --> 00:32:02.154

So, I'm going to paraphrase the rest of it, but it says they studied hundreds of nursing homes and noted that receiving the covid booster. May have played an important role in preventing Kobe, 19, morbidity or death or disease, enhance disease processes.

266 "Leslie DeGroat" (1891161088)

00:32:02.334 --> 00:32:17.214

And then also we're mortality, which is death, and I know that our settings are really nursing home style, but that's a really good place to study the effects since people living in nursing homes do have many health risks. And then as well, as they live in close quarters.

267 "Leslie DeGroat" (1891161088)

00:32:17.489 --> 00:32:32.334

With many different people and caregivers that they come in contact with. So, just kind of wanted to share that. And also that my team and I are seeing people who have a long lasting health decline after, having that covid 19 infection.

268 "Leslie DeGroat" (1891161088)

00:32:32.574 --> 00:32:47.274

And then some, eventually passing away. And per the data this morning, it looks like the last half of last year there were 13 deaths from 19 reported of people who received services. So I just wanted to kind of put it out there that, you know, we still kind of need to.

269 "Leslie DeGroat" (1891161088)

00:32:47.489 --> 00:33:00.054

Safe, and just remember the basics, which no, of course. handwashing hand, washing hand washing and then staying home. If you have a fever, where I'm asking, if you're going to be around people in close proximity, large crowds.

270 "Leslie DeGroat" (1891161088)

00:33:00.054 --> 00:33:10.224

And if you don't like, know, if they're whether their status is, if they're going to if they're sick or not or coming down with something, you know, and avoid that if possible I mean, sometimes you can't but, you know, just try.

271 "Leslie DeGroat" (1891161088)

00:33:10.554 --> 00:33:17.484

And then if you're starting to have upper respiratory symptoms, and then you have to be around other people wearing a mask, yourself.

272 "Leslie DeGroat" (1891161088)

00:33:17.489 --> 00:33:31.074

Could decrease the possible infection spread to others and this is even if it's not suspected covid, just if we all work together to not share our germs with each other and try to stop these illnesses from going around,

273 "Leslie DeGroat" (1891161088)

00:33:31.344 --> 00:33:44.604

whether it be the stomach bug or cold or flu like symptoms, because a person who has many underlying health issues, sometimes it's just really hard to get back to status quo even if it's just a stomach bug or just the common cold.

274 "Leslie DeGroat" (1891161088)

00:33:44.844 --> 00:33:47.124

So, I just kind of wanted to throw that out there.

275 "Leslie DeGroat" (1891161088)

00:33:47.429 --> 00:33:54.689

My next topic, and my final topic for this morning is on winter.

276 "Leslie DeGroat" (1891161088)

00:33:55.194 --> 00:34:06.744

Hang on just a 2nd, if I can get to it or okay winter, winter, weather, health and safety tips and how to find a guide for that as well as other health and safety items.

277 "Leslie DeGroat" (1891161088)

00:34:06.954 --> 00:34:15.054

Now, this is our, an offshoot of our division website, and it's a health and safety, and we're dropping that link in the chat.

278 "Leslie DeGroat" (1891161088)

00:34:15.299 --> 00:34:29.844

And here under this 1st tab, it's there are numerous, numerous informational documents called observed, decide act and they have each, each 1 has signed symptoms, risk factors and how to take action to stay as healthy as possible,

279 "Leslie DeGroat" (1891161088)

00:34:29.844 --> 00:34:41.664

or to prevent negative outcomes for all these common health conditions found in the population. The 1 at the bottom of the list is about winter weather, health and safety tips and.

280 "Leslie DeGroat" (1891161088)

00:34:42.329 --> 00:34:52.289

It really breaks down the hazards of winter weather and how you can prepare for upcoming bad weather, how to recognize issues what to do to stay safe and healthy.

281 "Leslie DeGroat" (1891161088)

00:34:52.289 --> 00:34:55.529

And I'm gonna try to show you it maybe not.

282 "Leslie DeGroat" (1891161088)

00:34:56.969 --> 00:35:01.109

No, no, hang on. Let me do this again.

283 "Leslie DeGroat" (1891161088)

00:35:02.579 --> 00:35:07.229

There's a thing, right in the way on my screen that you probably can't see.

284 "Leslie DeGroat" (1891161088)

00:35:07.229 --> 00:35:17.064

There we go anyway, it's broken down into definitions like what's hypothermia for us by heart attack just different things like that.

285 "Leslie DeGroat" (1891161088)

00:35:17.064 --> 00:35:28.404

That could be experienced related to dealing with cold weather, going out and shoveling the snow that could increase a person's chance at having a

heart attack. I don't know if that's a very common knowledge, but we wanted to make sure people knew that.

286 "Leslie DeGroat" (1891161088)

00:35:28.704 --> 00:35:34.104

So we will definitely have those links in the chat and let me.

287 "Leslie DeGroat" (1891161088)

00:35:34.559 --> 00:35:39.119

See, if.

288 "Leslie DeGroat" (1891161088)

00:35:39.119 --> 00:35:45.719

There was any questions I can answer just a 2nd, let's stop sharing my screen.

289 "Leslie DeGroat" (1891161088)

00:35:52.049 --> 00:35:57.299

Okay, thank you so much cap for dropping those things in there. I appreciate it.

290 "Leslie DeGroat" (1891161088)

00:35:58.014 --> 00:36:09.504

Let's see. Ooh. Oh, this is a really good question. Thank you.

291 "Leslie DeGroat" (1891161088)

00:36:10.314 --> 00:36:19.764

It says a direct service provider has stated to our agency that needs to authorize an additional 38 units for individuals served for their RMS to be able to do the 1st training.

292 "Leslie DeGroat" (1891161088)

00:36:19.764 --> 00:36:27.204

We have not heard this please clarify if TCM needs to authorize any additional RnD units for this yeah, their residential. residential

293 "Leslie DeGroat" (1891161088)

00:36:27.299 --> 00:36:39.264

Service provider agency should fill out a form and send it to their support coordinator and then the support coordinator signs off of on it and we'll submit it to the U. R team and then they are to approve that.

294 "Leslie DeGroat" (1891161088)

00:36:39.384 --> 00:36:47.634

So, that that are in, can move forward with screening and gathering information and such to complete the 1st, and then any applicable healthcare support plans.

295 "Leslie DeGroat" (1891161088)

00:36:47.909 --> 00:36:54.779

Great question a little more.

296 "Leslie DeGroat" (1891161088)

00:36:59.964 --> 00:37:10.254

And just to answer this question, and it has come up a lot and we're going to help with messaging just to let people who live in their natural homes, let the family know the reasoning behind doing the screening.

297 "Leslie DeGroat" (1891161088)

00:37:10.434 --> 00:37:22.104

But it does say is the 1st, optional for those with waivers and their natural homes as a family, have the right to refuse participation in this anyone with a D. H. D.

298 "Leslie DeGroat" (1891161088)

00:37:22.104 --> 00:37:29.454

waiver we'll need to have a screen prior to May 1st of 2024. so, we'll if there's any instances that come up. instances that come up

299 "Leslie DeGroat" (1891161088)

00:37:29.459 --> 00:37:39.384

Please reach out and we'd be glad to help help people understand, just help people know the importance of this. So that's an excellent question.

300 "Leslie DeGroat" (1891161088)

00:37:39.384 --> 00:37:51.534

And that is something that has been brought to our attention to be mindful of, you know, because we don't want people to feel violated or that we're invading their privacy by any means. We just want to make sure that we're providing the best supports and services possible.

301 "Leslie DeGroat" (1891161088)

00:37:52.404 --> 00:37:59.244

The health risk screening tool is used in 2006 other states, and it has proven to really, really help improve people's lives. I'm. people's lives i'm

302 "Leslie DeGroat" (1891161088)

00:37:59.459 --> 00:38:12.000

Be excited about about us being able to use it and help help people, but we're in this together. So if you have any barriers, please reach out to that email address that cat put in the chat. Um.

303 "Leslie DeGroat" (1891161088)

00:38:13.110 --> 00:38:16.620

And we'll help you work through it. We're in it together. Like I said.

304 "Leslie DeGroat" (1891161088)

00:38:16.620 --> 00:38:21.360

See, if there's any other questions.

305 "Leslie DeGroat" (1891161088)

00:38:21.360 --> 00:38:25.290

Comments concerns.

306 "Leslie DeGroat" (1891161088)

00:38:26.790 --> 00:38:41.335

So, we oh, good question. So, are we to assume agencies will be requesting 30 additional units ongoing each year to complete the Hearst or is this for the initial completion? It's for the initial.

307 "Leslie DeGroat" (1891161088)

00:38:41.455 --> 00:38:54.595

And then you can put it on as ongoing and what we're going to do is do a survey and also pull data and see how many hours that it takes that it is taking for that RMS to our ends.

308 "Leslie DeGroat" (1891161088)

00:38:54.595 --> 00:38:56.695

And to be able to complete the.

309 "Leslie DeGroat" (1891161088)

00:38:56.790 --> 00:39:10.525

Process so that way we can work on the our allocation moving forward. We'll we'll keep you definitely posted on all of that activity and what it's looking like. But that that's an excellent question.

310 "Leslie DeGroat" (1891161088)

00:39:10.525 --> 00:39:18.445

So, yeah, for the initial, yes, they need to submit that to you and then it goes as ongoing for any.

311 "Leslie DeGroat" (1891161088)

00:39:18.780 --> 00:39:22.230

Further planning further plans. Excuse me?

312 "Leslie DeGroat" (1891161088)

00:39:22.230 --> 00:39:25.470

I think I saw 1 more that I skipped over. Maybe.

313 "Leslie DeGroat" (1891161088)

00:39:33.655 --> 00:39:44.575

Oh, here's the question. So, providers get reimbursed for the orange and the hearse training. However, it is accurate that are not reimbursed, attend the hearse training, which can take up to 10 hours per person.

314 "Leslie DeGroat" (1891161088)

00:39:45.180 --> 00:39:51.540

Um, there was a Mercer study completed related to the trainings and it.

315 "Leslie DeGroat" (1891161088)

00:39:51.540 --> 00:39:54.900

Was found to be where it is.

316 "Leslie DeGroat" (1891161088)

00:39:54.900 --> 00:40:01.260

I can't speak to this very well, but I'll try Angie feel free to speak in or speak up. If you feel comfortable.

317 "Leslie DeGroat" (1891161088)

00:40:01.260 --> 00:40:10.140

But it was almost it's contained within the cost of training per year any way.

318 "Leslie DeGroat" (1891161088)

00:40:12.865 --> 00:40:24.655

I'm looking for the question here, Leslie, you're doing great. Thanks because I'm not very good with the reimbursement budget, but yeah I don't know. I'm trying I'm wording.

319 "Angela Brenner" (3391932928)

00:40:25.765 --> 00:40:29.695

I'm not I'm not seeing the question. Can you repeat the question?

320 "Leslie DeGroat" (1891161088)

00:40:29.910 --> 00:40:44.820

Oh, yeah, so providers get reimbursed for their RMS to attend the her's training. They don't But however it is accurate that are not reimbursed to attend the hers training, which can take up to 10 hours per person. Yep. All of the trainings are component within the rate studies.

321 "Angela Brenner" (3391932928)

00:40:44.820 --> 00:40:47.880

That Mercer had Mercer did and.

322 "Angela Brenner" (3391932928)

00:40:47.880 --> 00:40:51.660

That I believe was a component of the rate study as well.

323 "Angela Brenner" (3391932928)

00:40:51.660 --> 00:40:55.320

That we did, I'm going to say fiscal year, 20.

324 "Angela Brenner" (3391932928)

00:40:55.320 --> 00:40:58.890

1 was when it went into effect for those.

325 "Angela Brenner" (3391932928)

00:41:01.620 --> 00:41:06.240

And I can go back and double check that. Thank you. I appreciate that. Absolutely.

326 "Leslie DeGroat" (1891161088)

00:41:09.535 --> 00:41:24.235

Then does that need to be oh, I think this question may have to do with the your request and please clarify if I'm not correct? Does that need to be completed? Even after it becomes mandatory in May. That's an excellent question.

327 "Leslie DeGroat" (1891161088)

00:41:24.685 --> 00:41:36.085

Um, I'm thinking, we'll, we'll let, you know, we'll we will have messaging out. I don't want to say, yes or no, I know that we have that plan to, to see about the allotment.

328 "Leslie DeGroat" (1891161088)

00:41:36.240 --> 00:41:40.050

Or in hours, but will, we will definitely keep you posted.

329 "Leslie DeGroat" (1891161088)

00:41:40.050 --> 00:41:43.650

Um, thank you for the question cause again, it's, it's, uh.

330 "Angela Brenner" (3391932928)

00:41:44.880 --> 00:41:53.970

It's important, let's say I jump in for the, the other questions, the, the clarification on the reimbursement.

331 "Angela Brenner" (3391932928)

00:41:53.970 --> 00:42:00.990

Where the 1st, training training is included in the rate structure from the rate studies.

332 "Angela Brenner" (3391932928)

00:42:00.990 --> 00:42:05.850

And the current rates training is included as a component of the.

333 "Angela Brenner" (3391932928)

00:42:05.850 --> 00:42:09.510

The administrator, it's part of the administrative component of the rates.

334 "Angela Brenner" (3391932928)

00:42:09.510 --> 00:42:12.810

So, it is built into.

335 "Angela Brenner" (3391932928)

00:42:12.810 --> 00:42:17.670

The rates that you get, it's not billed separately.

336 "Angela Brenner" (3391932928)

00:42:17.670 --> 00:42:22.440

That you are reimbursed for it within your your rates for the harvest training.

337 "Angela Brenner" (3391932928)

00:42:23.490 --> 00:42:28.140

Hopefully, that helps if not, you can reach out to me separately too. I'm happy to walk through that.

338 "Leslie DeGroat" (1891161088)

00:42:28.140 --> 00:42:42.450

Thank you and then Here's when please advise where this our inform is located. We're sending it to residential provider agencies as they onboard and will be.

339 "Leslie DeGroat" (1891161088)

00:42:42.450 --> 00:42:55.620

I'm likely that's that's what we're doing at this juncture moving forward if we need to likely put it to where it's more obtainable. If you are in need of it please don't hesitate to reach out to that mailbox.

340 "Leslie DeGroat" (1891161088)
00:42:55.620 --> 00:43:00.030
Um, the 1st project at dot Gov.

341 "Leslie DeGroat" (1891161088)
00:43:05.040 --> 00:43:11.700
So, if we add 38 units to this plan here, we should just reauthorize 98 minutes for the next plan. Here.

342 "Leslie DeGroat" (1891161088)
00:43:11.700 --> 00:43:15.750
I'm not sure about what the, what that.

343 "Leslie DeGroat" (1891161088)
00:43:15.750 --> 00:43:25.350
I apologize, um, the 98 units I'm not sure about that, but yeah, the 30 38 it just from what I.

344 "Leslie DeGroat" (1891161088)
00:43:25.675 --> 00:43:35.125
It's just that it should be considered ongoing so they'll submit that that 1 time they don't have to resubmit that your request and then it should be ongoing.

345 "Leslie DeGroat" (1891161088)
00:43:35.335 --> 00:43:44.545
And then, once we have more information about how this will all look for our in allotment there hours, we will get that out to you. And, and, um.

346 "Leslie DeGroat" (1891161088)
00:43:44.880 --> 00:43:54.870
But if anything comes up, really, in the meantime where you're just like, I'm not really sure please, please reach out please reach out and we'll help you we'll help you with it with that.

347 "Leslie DeGroat" (1891161088)
00:44:01.285 --> 00:44:10.255
And oh, Here's a good 1. do we bill for those extra units in the her system? And there are there are certain requirements. Yeah. The hers training will review it.

348 "Leslie DeGroat" (1891161088)
00:44:10.405 --> 00:44:23.905
There's 1, that's specific for the monthly RN oversight, monthly summaries where the RN will log their log their billing and, um.

349 "Leslie DeGroat" (1891161088)
00:44:24.240 --> 00:44:30.870
Yeah, that is in the monthly. It is covered in the our ends is the codes called the are in.

350 "Leslie DeGroat" (1891161088)
00:44:30.870 --> 00:44:35.190
Um, rater training and that is part of the, um.

351 "Leslie DeGroat" (1891161088)
00:44:35.190 --> 00:44:40.710
Initial trainings that are required before a person can even get in there and start rating.

352 "Leslie DeGroat" (1891161088)
00:44:40.710 --> 00:44:45.780
But if you have specific questions, please holler at that mailbox.

353 "Leslie DeGroat" (1891161088)
00:44:45.780 --> 00:44:52.525
I do self directed individual anyone who has a waiver. Okay. I'll say the question.

354 "Leslie DeGroat" (1891161088)
00:44:52.765 --> 00:45:05.065
How does hearse training apply to self directed individuals if the person has any kind of DD waiver, then if they, if they're non residential, the support coordinator will complete the rating.

355 "Leslie DeGroat" (1891161088)
00:45:05.400 --> 00:45:12.180
And then if they do have residential or comprehensive waiver services, the oversight or and we'll complete the writing.

356 "Leslie DeGroat" (1891161088)
00:45:13.350 --> 00:45:27.150
And it is expected to be completed with that individual with their caregiver, a familiar direct support, professional, you know, whoever, I guess, a disciplinary team approach a team effort. So.

357 "Leslie DeGroat" (1891161088)
00:45:30.390 --> 00:45:35.610
And that's almost anything else pops up. That's all I'm seeing unless anybody sees anything else and.

358 "Leslie DeGroat" (1891161088)
00:45:38.190 --> 00:45:44.370
Oh, I guess I'm not sharing my screen. It'll pop up. I'm like, let me get rid of that. Oh, well, I'm not sharing.

359 "Leslie DeGroat" (1891161088)
00:45:45.540 --> 00:45:49.200
Right. I'm not sure.

360 "Leslie DeGroat" (1891161088)
00:45:49.200 --> 00:45:52.530
1, more came in Leslie.

361 "Leslie DeGroat" (1891161088)
00:45:52.530 --> 00:45:56.820
Oh, I see it. Well, the form suffice as an amendment um.

362 "Leslie DeGroat" (1891161088)
00:45:56.820 --> 00:46:06.900
I believe that is a really good question. I never worked as a support coordinator before, but I believe you should be able to.

363 "Leslie DeGroat" (1891161088)
00:46:06.900 --> 00:46:12.060
Because that's a requesting an amendment amendment. Um, maybe.

364 "Leslie DeGroat" (1891161088)
00:46:15.355 --> 00:46:26.905
Let me take that question and just take it to my team to make sure I answer it properly, but that's essentially what it's doing. It's a request for an amendment to that current plan, a request for additional hours.

365 "Leslie DeGroat" (1891161088)
00:46:27.145 --> 00:46:31.135
The work will be done during that current, current year and then.

366 "Leslie DeGroat" (1891161088)
00:46:31.530 --> 00:46:44.970
Okay, someone help me answer it. Thank you. Yes, the form does suffice an amendment. Okay, good. Because that's kind of what it is it's written. Well, it is, it says in the title, it's a request for additional or 8 hours, and then an amendment to the plan. So.

367 "Leslie DeGroat" (1891161088)
00:46:44.970 --> 00:46:48.570
Okay, and I got confirmation. Yes, that does suffice as an amendment.

368 "Leslie DeGroat" (1891161088)
00:46:49.135 --> 00:46:58.075
See, where a team helping each other out. Okay.

369 "Leslie DeGroat" (1891161088)
00:46:58.075 --> 00:47:09.985
Well, I appreciate all of you guys, thank you for listening to me and please reach out anytime at project at dot. Gov and please have a great. It looks like the sales people out here.

So, I hope you guys at least have some sunny times in a good weekend.

371 "Heike Johns" (3023089152)
