Emergency Management Access and Functional Needs Disability Awareness Training

Niagara University Disability Awareness Training has received funding from the Missouri Developmental Disabilities Council to educate anyone involved in emergency planning, preparedness, response, and recovery as it pertains to individuals with disabilities and access and functional needs. This program identifies the responsibilities of both emergency management personnel and disability advocates during an emergency. It will also introduce the four modules necessary for proper response that include Disability Awareness Training, the Americans with Disabilities Act specific to Emergency management, emergency plan content, and Inclusive Planning and Active Participation.
