

9/22/23

## **Employment Resources Learning Community**

Employment First Missouri has designed an [\*Employment Services Toolkit\*](#), consisting of ten tools to assist employment staff in service delivery. The purpose of these tools is to ensure consistent quality in all stages of supporting individuals to succeed in employment in the community. To gain practice and guidance in use of these tools, while providing feedback on them, the opportunity is now available for service providers to apply to participate in the *Employment Resource Learning Community*.

Providers selected will be asked to:

- Commit to participation over the course of one year, starting in fall 2023.
- Actively participate in monthly community of practice meetings, implement the use of tools and resources between meetings, and provide feedback.
- Share success stories.
- Provide data to measure impact, efficacy, and outcomes.

Additional [details including the application](#) are available. **Applications are due on Friday, September 29 at 5:00 PM.**
