Provider Manual Update

On September 1, 2023, the MO HealthNet Division (MHD) announced new Provider Manuals for *all* MO HealthNet Providers. This includes the Division of Developmental Disabilities (DD) Waiver Manual. This version does not contain updates and revisions from the Partnership for Hope (PFH) and Missouri Children's Developmental Disabilities (MOCDD) waiver renewals that were recently approved and effective 7-1-23; it has only been updated to the new format. The new formatted version of the [DD Waiver Manual](#) is located on the MO HealthNet's website.
