New Value-Based Payment (VBP) Incentives for SFY24

The Division of Developmental Disabilities (DD) has launched two new VBP incentives for State Fiscal Year (SFY) 2024. These will replace the Health Risk Screening Tool (HRST) incentive for initial completion of the HRST Tool for SFY 2023. The two new incentives are:

- [Health Risk Screening Tool \(HRST\) Residential Service Provider Rater – Person Centered Thinking Training](#)
- [Health Risk Screening Tool \(HRST\) Residential Service Provider Rater – Advanced Fatal Five Plus Training](#)

Current DD contracted residential service providers with designated MO HRST Residential Rater staff who successfully complete all the requirements of the training and the corresponding REDCap form, are eligible for a one-time payment. The Division is submitting the incentive to Centers for Medicare and Medicaid (CMS) for approval in the Targeted Case Management (TCM) State Plan Amendment (SPA).

Providers interested in participating in the two new incentives must request access using the [REDCAP User Access Form](#).

The VBP data collection platform, REDCap, captures requests and data entry for the ten approved incentives. REDCap is a secure online data collection tool that can be bookmarked as a website link or added to browser favorites. Information about the VBP incentives, including data collection and REDCap training, are located on the [Division's Value Based Payments webpage](#).

VBP questions may be submitted to the Division VBP mailbox at DMHDD.VBP@dmh.mo.gov.
