ES-Coach: Transforming Employment Services Information Sessions

January 11, 2024
1:00 PM – 2:00

Employment First Missouri will host an informational session on a technology solution developed to enhance employment support professionals with improving individual's employment outcomes. ES-Coach is a simple to use app that reflects on time invested with career seekers, planning new coaching strategies, and increasing the effectiveness of employment supports. ES-Coach provides daily tips with an aim to boost team member confidence, enhance professional growth, and support stronger employment outcomes for job seekers. The app is available at no cost for qualifying providers.

Target audience: Managers of employment programs

[Registration](#) is required.

Email Jessica.keenoy@umb.edu with questions or accommodation requests.

Employment First Missouri, a collaborative between the Division of Developmental Disabilities and the Institute for Community Inclusion at University of Massachusetts-Boston, offers monthly professional development opportunities.
